Dixon Centennial And Home-Coming Set. 22, 23, 24, 1930 — Dedication Airport, Lincoln Memorial, Peoria Ave. Bridge

EIGHTIETH YEAR

Number 190

TELEPHONES: 4 and 5

DIXON, ILLINOIS, WEDNESDAY, AUGUST 13, 1930.

PRICE FIVE CENTS

SATURDAY, AUGUST 16th

---IS---

THE leading stores of Dixon have determined to make the coming Saturday the Greatest CARNIVAL OF BARGAINS ever offered to patrons of the business establishments of Dixon—the BEST, SAFEST and MOST DEPENDABLE TRADING CENTER IN ILLINOIS. Nor will the bargains be confined to articles you can buy for ONE DOLLAR, for special prices have been made on every article in every store whose advertisement appears in this special edition of THE TELEGRAPH.

DOLLAR DAY

THIS edition of THE TELEGRAPH goes into 10,000 homes in this section of the state which means that the city will be overcrowded with shoppers Saturday, therefore WISE BARGAIN SEEKERS will get to Dixon early Saturday morning before the stocks are picked over. The selection in every store will be better early in the morning than late in the day—for the word of Dixon merchants that they are offering special bargains has never failed to bring enormous crowds to the city.

WELDING BROKEN PARTS

Every Year It Saves Countless Dollars and Valuable Time

for farmers, manufacturers and construction companies. All kinds of broken farm implements and machine parts, cast iron, steel, aluminum, brass and other metals can be welded as good as a new part.

Worn parts can be built up where worn

Let us help you save money. We can repair those broken parts and the cost is less than for new parts; besides, you get immediate service. During rush season a day is worth a good deal. Bring the parts to our shop and take them home welded. No time wasted. If you can't bring the big ones we will come and weld them where they are.

Our New Electric Arc Welding Machine

is portable and gas engine driven, therefore it can be taken to any home, farm or factory for welding jobs. Cylinder blocks and heads, furnaces and boilers can be welded electrically and not taken apart or disturbed.

Most up-to-date Welding Shop in this District

TENSE ATLANTA SITUATION ENDS WITHOUT RIOTING

Judge and Acting Mayor Handle Situation In Diplomatic Manner

By Foster Eaton
United Press Staff Correspondent
Atlanta. — (UP) — A situation which municipal officials indicated publicly they believed threatened to violence was encountered and successfully handled here during the week of July 20.

In some respects the incident possibly was unequalled in the history of the South. For days in certain circles of Atlanta there was a distinctly perceptible atmosphere of impending trouble—then it vanished. It occurred coincident with the trial of one of seven white men charged with slaying a Negro divinity student who was accused by the defense of insulting a white woman. The prosecution contended the Negro was innocent.

Conceivably aggravating the situation of the victim's home by fire two days after the defendants were denied bond in the case. A committee of whites appealed publicly for funds to rebuild the structure. Public recognition of the case by the Atlanta Constitution on the 20th with a first page news article developing a crime that had been committed more than a month previously.

An editorial in the Constitution of the same day, denouncing the incident as "shaming the city" and asserting that the case was "a test of the right of all persons, white and black, to life, liberty, and the pursuit of happiness in the sovereign state of Georgia."

Unprecedented crowds drawn to the Fulton superior court when T. L. Martin, first of the defendants, was placed on trial Tuesday. Judge R. Earl Camp of Dublin, invoked strictest discipline. When a verdict was reached on Saturday night, he ordered it held until Monday.

Facing a mixed and tense courtroom Monday, Judge Camp declared: "It is only the lowest type of our citizenship that causes racial difficulties, and we are determined that this class of citizens shall not disturb the orderly processes of our courts."

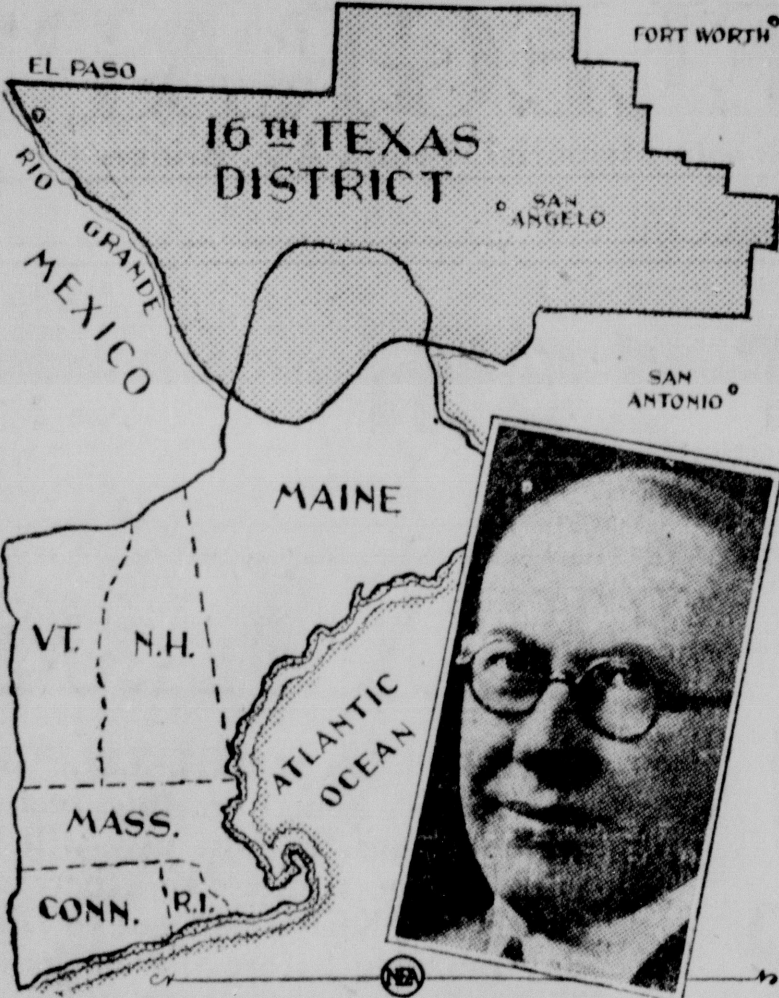

Martin was convicted of voluntary manslaughter and sentenced to 12 to 15 years. A slight subsequent disturbance at the court-house was promptly suppressed by summary arrest of the instigators.

Some felt that Judge Camp's declaration — fearlessly uttered and widely published—coupled with his order to hold the verdict until Monday, successfully discharged the tenseness of the situation.

As a final gesture of authority Monday night, Acting Mayor G. Everett Millican of Atlanta issued a proclamation asserting the city was living in peace, and saying:

"There is no danger other than these irresponsible small factions who are seemingly unconscious of

Serves Congressional District as Large as New England

If you think you have a good many troubles, just consider the case of Mayor R. E. Thomason, above, of El Paso, Tex., who has just won the Democratic nomination for Congress from the sixteenth Texas district, which is equivalent to election. He must please constituents in an area as large as the whole of New England, as the sixteenth Texas district comprises 38 counties with an area of more than 65,000 square miles and is the largest congressional district in the nation. The above maps show how the district compares in size with New England.

The fire-brands they are bearing." The acting mayor did not identify the "irresponsible, small factions" other than to say "it appears that incendiary and provocative actions are going on in the community."

State Air Tour To Visit Dixon Aug. 20

Chicago. — The complete route of the Illinois Chamber of Commerce State Air Tour together with overnight and luncheon stops has been arranged, subject only to weather conditions and minor changes, according to Reed G. Landis, chairman of the State Chamber Aviation Committee. With the big tri-motored Standolind of the Standard Oil Company as the flag ship thirty or more planes under the direction of M. C. Meigs, vice-chairman of the Aviation Committee, will make overnight stops at Moline on August 20; Decatur, August 21 and Mattoon, August 22 arriving at Curtiss-Wright Reynolds Airport in Chicago on August 23 when the National Air Races open in that city. Luncheon stops will be made at Rockford on August 20; Streator, August 21; East St. Louis, August 22, and Danville, 23. Other cities to be visited will

include Elgin, Dekalb, Dixon, Sterling, Kewanee, Monmouth, LeSalle, Streator, Peoria, Bloomington, Springfield, Marion, Centralia, Champaign, Kankakee and Aurora. The total distance to be flown will be well over 1,000 miles.

Coolidge Is Old Hand As Reporter

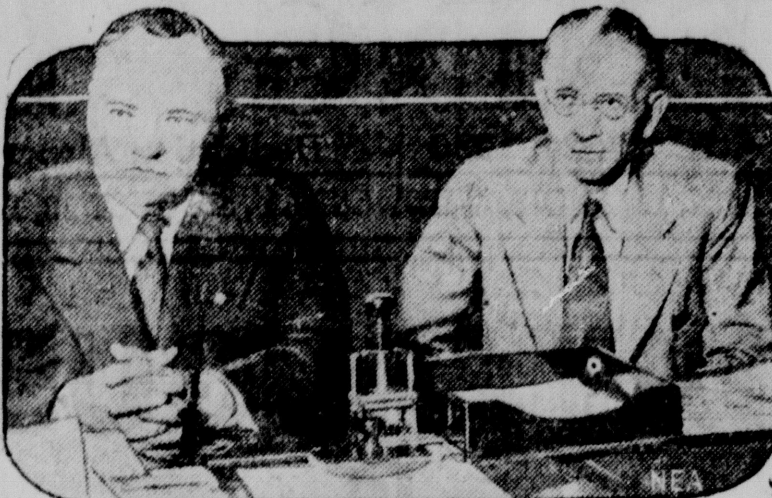

Rockville, Conn. — (UP) — Stephen Von Euw, editor of a country weekly here, recalls that Calvin Coolidge was a newspaper correspondent before he began his series of daily articles now being syndicated throughout the country.

When Von Euw worked for the Easthampton, Mass., News years ago, a young lawyer named Coolidge supplied news and personal items from Northampton.

COIN OF 400 B. C. — Vincennes, Ind. — (UP) — Among 4000 coins in a collection owned by Roy E. Ferguson, is one of Greek mintage which is 2,300 years old. It was coined in 400 B. C. during the Ephesus regime. On one side is cast a fly and on the other a llama beneath a tree.

Nurses will find Record Sheets at the B. F. Shaw Printing Co.

Governor Takes Lead in War on Detroit's Gangsters

Alarmed by the series of Detroit gang killings, climaxed by the murder of Gerald Buckley, radio announcer and a leader in the move to recall the city's mayor, Governor Fred W. Green, left, is shown above conferring with Police Commissioner Thomas Wilcox to consider ways of ridding Detroit of gangsters. Mrs. Jeanette Buckley, widow of the murder victim, is shown below.

U. S. HOLY NAME SOCIETY WILL HAVE NEW HOME

Six-Story Building Nearing Completion in New York City

New York. — (UP) — Within 100 feet of the church where the Holy Name Society was organized in this country in 1868, a new six-story and basement office building is nearing completion that will house the national headquarters of the religious body.

The rapid growth of the society in the last 10 years necessitated moving national quarters four times. At each move the space was doubled, but within a short time found inadequate. As the organization was growing beyond all expectations, it was finally decided to build the six-story structure to house all national activities of the society. For the present time the national headquarters will occupy four stories and basement. The two remaining floors will serve as the headquarters of the Order of Preachers (Dominican Fathers) in the eastern part of the country. It is expected that with the growth of the society the entire building will be devoted to Holy Name offices.

The new building is being erected on East 65th Street, 50 feet east of Lexington Avenue. It will be one of five buildings on the plot facing Lexington Avenue from 65th to 66th Street. The other four buildings are St. Vincent Ferrer's Church, the Dominican Priory; St. Vincent Ferrer's parochial school and St. Vincent Ferrer's convent.

The first branch of the society to

receive its official charter in the United States was that established by the Rev. Stephen Byrne, a Dominican Friar, in 1868. Following establishment of this first branch, the Dominican friars in their missions in various parts of the country urged organization of parish branches. The branch founded at St. Vincent Ferrer's consisted of approximately 100 men of the parish; today the membership throughout the United States numbers in excess of 2,500,000 Catholic men divided into 7,420 branches. There are few towns in this country with more than 10,000 population that has not at least one branch.

devotion to the Holy Name. Thus was born the Holy Name movement. The Dominican Fathers continued to preach this devotion in all parts of the world to organize groups of men to carry on this work.

The new building will be ready for occupancy about Oct. 1st at which time it will be formally dedicated to the Holy Name Movement. The Most Rev. Stanislaus Gillet, Master General of the Dominican Order, who will arrive in New York from Rome Sept. 9th, to inspect the houses of the order in this country is expected to take part in the dedicatory ceremonies.

RELICS ON EXHIBITION
Winchester, Ind. — (UP) — A spiced apple, 47 years old, and well preserved, is among exhibits loaned to the Union County Historical Society for display at Winchester. The apple is owned by Emmett Line. It is filled completely with whole cloves. Another piece is a large stoneware shaving mug, with compartments for soap, water and brush. A hand operating sewing machine is included.

Plant diseases cost the U. S. about \$1,500,000,000 last year.

FIND OLD PAPER
Wheatland, Ind. — (UP) — A copy of a newspaper giving an account of the death of Jesse James was found in an old home at Wheatland being razed to make room for a new building. The paper is an issue of the Western Sun of April 14, 1882. It was published in Vincennes.

Last year nations of the world launched 50 per cent more cruisers and 300 per cent more were in progress of building than in the twelve months preceding the World War.

WESTERN STATES GET FULL-TIME SCOUT DIRECTOR

Gertrude Bogart Heads
Rocky Mountain Region
Oct. 1.

Miss Gertrude Bogart has been appointed director of the Rocky Mountain Region of the Girl Scouts, and will assume her duties there on October 1. Miss Bogart is the first full-time director of this region which includes Colorado, Wyoming, Utah, Idaho and Montana.

At the present time Miss Bogart is in charge of the permanent Chicago camp, Juniper Knoll. She went there from Camp Edith Macy, the Girl Scout National Leaders' Training Camp, where with regional directors from all over the country and executives from the national headquarters, she took the advanced specialized course given by Major Montague D. Maw, Lord Baden-Powell's personal representative in this country. Miss Bogart had previously taken national training at Colorado Springs and New Orleans.

A graduate of Western Reserve University, Miss Bogart brings to her new position a wide and varied experience in girl scouting and other fields. She had done social work in Cleveland and New York before joining the Girl Scouts, for which organization she was local director for a short time in Cleveland. In the fall of 1927 she went to Chicago, where she had charge of a large city district.

OBITUARY

HELEN SARAH HUBBARD

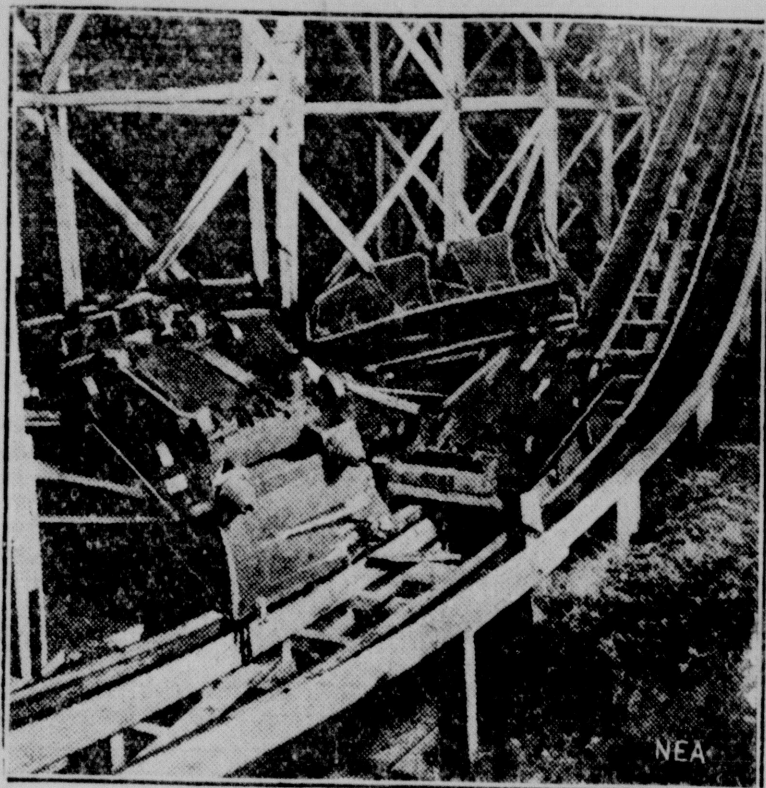

(Contributed)

Helen Sarah Hubbard, oldest of six children of Charles Frederick and Helen Dick Graham-Hubbard, was born Sept. 19, 1844. Her parents came from New York City in 1838, and settled in Palmyra Township, Lee County, where Miss Hubbard was born. Soon after her birth, they removed to the south side of Rock River, in Nelson Township, to the spot that has been the family residence for over eighty years, and where Miss Hubbard died, at midnight, August 6, aged 85 yrs., 10 mos., and 17 days.

Two of her sister, Mary and Lillias, preceded her in death; and she is survived by two sisters, Jessie Mafilda and Amy Herbert Hubbard, and one brother, William Graham Hubbard.

Miss Hubbard's long life was one of devotion to her sisters and brother, and unfailing appreciation and kindness to the friends, who naturally as she attained the greater age became reduced in number. She reflected in her habits and conversation the culture and refinement of a generation that gave to our community leaders and scholars of whom we may forever be proud. She was not out of touch and sympathy, either, with the events and

Roller Coaster Crash Kills 3

Three persons were killed when a roller coaster train leaped the track and plunged to the bottom of a steep incline at an Omaha amusement park. The wreckage is shown above.

issues of the present times, and through wide and regular reading kept herself from passing out of touch with the good things of today. For several years Miss Hubbard suffered from ill health, but to the end she manifested the same true and courageous nature that since her mother's death, nearly thirty years ago, had left her the place of honor and responsibility in the home. This place she filled well, as her sisters and brother most gratefully and affectionately testify. Funeral services were conducted from the late home, Saturday after-

noon, two o'clock, Aug. 9, in charge of B. H. Cleaveland, pastor of Dixon Christian Church, Mrs. Mary Hintz-Morrill and Mrs. Myrtle Rice-Bishop singing. Burial was on the north side of Rock River, directly opposite the Hubbard home, in the Lawrence Cemetery. This locality was the scene of the earliest settlements, and for many years after the Hubbards and Lawrences came, the forest adjacent to their homestead was the annual camp of large numbers of Indians, with whom these early settlers were always on good terms.

Clear Father Who Crushed Baby

A grief-stricken father, Edward M. Johnston, center, is shown here as he told Coroner Herman N. Bundesen, left, and a coroner's jury at Chicago how he fell on his five-month-old baby daughter while in a drunken stupor and crushed her to death. Johnston, a broker, was cleared when the jury held the death to be accidental.

HARD LUCK STORY WINS
Albuquerque, N. M.—(UP)—A sick wife, six children and the fact that he was 67 years old earned Juan Estevan Trujillo "another chance" when brought before Judge Helmick in dis-

trict court for violating the national prohibition law. He was given a 90-day suspended sentence.

Nurses will find Record Sheets at the B. F. Shaw Printing Co. at

BRITAIN URGES POPULATION TO RAISE POULTRY

Farmers and Unemployed
Shown Great Total of
Annual Imports

London.—(UP)—Officials in the British Ministry of Agriculture are hopeful that the recent Fourth World Poultry Congress has taught a lesson grasped and understood by British farmers and unemployed workers.

For more than a year, while the Ministry of Agriculture planned on the Congress, an export movement

of British poultry and by-products has been the target aimed at.

At the present time Great Britain imports upwards of 20,000,000 pounds of poultry and by-products. The figure, representing \$97,200,000, is paid to Ireland, Denmark, Poland, Greece, Bulgaria, Switzerland, Finland and Sweden.

The Ministry of Agriculture says that practically every nation of Europe, with the notable exception of Germany, has a growing export of birds and eggs.

During the past decade the home production of poultry in Great Britain has increased at the rate of about 7,000,000, or \$34,020,000 annually. Although poultry production in Great Britain has increased last year about 3,000,000,000 eggs were imported for British consumption and upwards of 30,000 tons of birds were landed in British ports.

British agricultural experts place the amount paid for foreign eggs and

birds at 70,000, or \$340,200 for every working day.

These same officials state that with almost 2,000,000 unemployed, a strong market for poultry and by-products always present, suitable soil and good stock, it is hard to understand why poultry farming is not advancing at a faster rate.

The Ministry of Agriculture is now proposing to establish institutes and laboratories to improve breeds and lower losses caused by disease and poor poultry culture. A movement to encourage small land holders to supply the perennial demand for eggs and birds is now ready to be launched.

Flames traveling at a speed of 21,000 miles an hour have been accurately photographed with a new English camera that is electrically operated.

A new device for cleaning air admitted to automobile motors draws practically free from dust.

INSURANCE IS AID TO FLYING CLUBS OF U. S.

National Aeronautic Association Provides Policy on Students' Damages

Detroit, Aug. 13 — (U.P.) — Determined that everyone who desires to own an airplane and learn to fly it shall realize his ambition in the safest and least expensive way, the National Aeronautic Association has evolved a flying club plan whereby air-minded persons can receive instructions in aviation from competent pilots with no danger of losing their plane through accident.

The plan is in accordance with the objective the Association has held to since its beginning here in 1922: to make America the world's most air-minded nation. In doing this it has the cooperation of the Guggenheim fund for the Promotion of Aeronautics, which provided a grant of \$12,000 especially to aid in the club work.

According to the plan, the flying club is organized wherever there is collected a group of persons preferably from 10 to 3, desirous of securing an airplane of their own and learning how to fly it. Some of these should be qualified pilots or, if none has had flying experience, arrangements are made with an instructor to give the members of the club flying lessons.

An airplane of the type approved by the Department of Commerce is next purchased, each member of the club contributing his share which probably ranges from \$125 to \$500 depending on the kind of craft and the number of members. With arrangements for hangar and field, preferably a private one, made, the National Aeronautic Association next steps in and aids the embryonic fliers in their most serious difficulties.

The problem of liability and compensation in case of repeated accidents is solved by the generous insurance policy issued by the Association whereby all damages beyond the first \$300 are recompensed regardless of how many accidents, minor or major, occur, without necessitating renewal of the policy. Thus even if the training plane is completely destroyed, the policy still covers the new one purchased with the insurance money and the student fliers are assured of having a plane in which to continue their training.

Safety of the beginners is guaranteed by the experience of the parent organization and by the precautions it takes in ascertaining that the instructor or instructors are qualified to teach.

Public liability of all description

THE WORLD'S MOST BEAUTIFUL GIRLS

New Orleans Lass Crowned "Miss Universe" at Galveston

Miss Russia, Nadia Dekosarin

Now that you've seen their pictures, you'll have to agree that those judges at Galveston's annual beauty pageant knew their business when they selected this trio as the world's most beautiful maidens. Dorothy Dell Goff, a New Orleans high school girl—17, blond and blue-eyed—not only triumphed over beauties from many cities to win the title of "Miss America" but she also entered the finals

is covered up to \$20,000 for one individual, \$40,000 in any one accident and to \$10,000 for property damage done in any in any one accident. Price of such insurance for a plane costing even as high as \$5,000 would be only about \$50 apiece in a club of 25 members.

Each of the clubs participating in the plan furnish reports every two months concerning their activities to the Flying Club committee and the information and experience collected are distributed to all clubs, thus benefiting the whole organization. At the end of each year the National Aeronautic Association

"Miss Universe" Dorothy Dell Goff, 17, of New Orleans, grand prize.

will award a cup to the club having the best record in regard to flying, number of pilots trained, the number of members participating and other factors.

HITS YOUNG DRIVERS

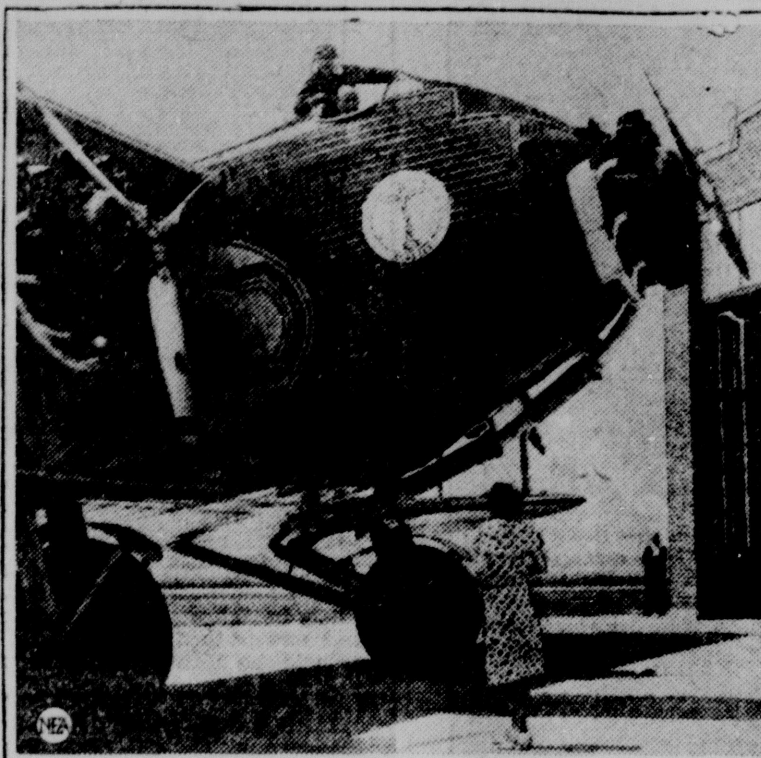

Denver, Colo. — (U.P.) — A series of automobile accidents in which drivers under 15 years of age were involved caused Charles M. Armstrong, secretary of state, to call attention of Colorado sheriffs to a law governing the age of drivers. Letters were sent out by Armstrong to the sheriff of each county in the state pointing out that it is unlawful for any person under 15 years of age to operate or drive a motor vehicle.

"Miss Roumania," Mariane Mivica with foreign beauties and emerged as "Miss Universe." As grand prize, Dorothy received \$2000 in cash and a silver plaque, attesting to the fact that she cut quite a figure at the pageant. Second honors in the international competition were won by "Miss Roumania," otherwise Mariane Mivica, while third place went to "Miss Russia," also known as Nadia Dekosarin.

Treadmill apparatus has been invented by a Rhode Island man to study the action of persons' feet in walking and correct defects.

Howdja Like to Pilot This?

While the automotive industry is experimenting with budget cars, aviation has gone to the other extreme and is building big planes. This eight-ton tri-motored Boeing transport, recently put in operation on the San Francisco-Chicago line, features an open cockpit. It is said the pilot, more than 15 feet above ground, has greater visibility in landing and taking off.

OREGON PRISON FLAX INDUSTRY IS DEVELOPED

Officials Expect To Make Institution Self-Supporting in Three Years

By EARL H. LEIF
United Press Staff Correspondent
Oregon State Penitentiary, Salem, Ore. — (U.P.) — Oregon prison officials plan to make this state penitentiary the only institution of its kind in the United States that is entirely self-supported by industries not competing with free labor or outside commerce.

The principal industry at the prison is flax. Virtually all the flax growers in the fertile Willamette valley of Oregon, where grows the only long fiber flax in the United States, have contracted to sell their crops

to the prison where it is threshed for seed, retted and scutched by hundreds of toiling convicts, making the linen fiber which is sold to finishing plants in this and other countries. The convicts thus employed are given a fair day's wage.

The prison flax plant is expected to reach its objective in 1933 when the plant will be turning out 2,000 tons of fiber valued at more than \$1,000,000 and \$400,000 worth of seed. When this is accomplished, not only will the institution be self-supporting but for a surplus may be carried forward each year to take care of other requirements.

The industries at the Oregon state penitentiary do not trespass upon outside labor conditions in any way because processing of flax is not done elsewhere by any other factory or mill, officials say. On the contrary, the prison industry does accelerate and supplement labor conditions on the outside by encouraging flax growing operations, purchasing the flax from the farmers and marketing the crops.

During August, scores of motor trucks and horse drawn vehicles are shuttling between the browned fields

of the valley and the state penitentiary to warehouses within the walled city where the flax will be stored for future processing. The flax crop this year is the finest in memory of many old timers here. The crop is bountiful, demand is strong for fiber in the world's markets, the price is holding its own and growers are assured of profit.

PALMYRA

Palmyra — Joe Battle was baling straw for Waldron Gilbert on Thursday.

Miss Martha LeFever of Sterling who has been a patient in the Sterling hospital for several weeks, was removed to her home last Tuesday, retaining her nurse for a few days. This is good news for all her friends. We hope she will soon be out among us again.

Many cases of illness in the vicinity are reported, due to the hot, dry weather.

I. J. and Clyde Kendell motored to Monroe, Wis., Thursday on business, returning the same day. They found crops looking better in Wisconsin than here, much more rain having fallen there. From Polo on north corn looked well. The Monroe fair which in past years has enjoyed a patronage of eight and nine thousand had less than fifteen hundred people on the grounds Thursday. One man having three stands on the grounds said he had sold but three bricks of ice cream all day. It cost him \$15 for a 5-foot space for the week. They were hoping for a better crowd at the night fair.

Charlotte and Phyllis Birt of Rock Falls are spending this week with their grandmother, Mrs. Carrie Rushka of Gap Grove while their mother is visiting in Chicago. Sterling and surrounding towns were well represented at the opening of the new bridge in Dixon Wednesday evening.

Miss Babel Smith of Manhattan, Kansas, has been visiting her sister and family, Mr. and Mrs. Earl Harms. Miss Smith will return to Manhattan for her fifth year as instructor in the chemistry department of the Kansas state agricultural college after a trip to Niagara Falls in company with a brother and sister.

DOLLAR DAY DOLLAR DAY

HAVE YOUR SHOES REPAIRED ON DOLLAR DAY

at the only shop in Lee County equipped with genuine Goodyear equipment. (Goodyear equipment is used by all shoe manufacturers). Superior workmanship makes our work really worth more. All jobs brought in on Dollar Day will be done at the following prices—
Call for it when you want it.

LADIES' SOLES AND HEELS . . . \$1.00

SLAYER OF OFFICER CARD THOUGHT TO BE KNOWN

VEGETABLES, FRUITS NOT SUFFERING

Drought Should Bring No Increase in Cost To The Consumer

Chicago, Aug. 13.—(AP)—The Chicago housewife and her wage-earning consort need take no alarm for the winter's supply of fruit and vegetables now for their prices, the Market News division of the U. S. Department of Agriculture here indicated today.

Receipts of these commodities in Chicago are in normal quantity and W. H. Hall, director of the Market News Service, said there is no reason for believing there will be a scarcity. "There has been no advance in the cost of production or shipment," he said. "Therefore advances in prices here are unwarranted."

The government estimates that this is a normal year for these products. Chicago draws its fruit and vegetables from regions not materially affected by the drought, which affected grains most seriously. The fruit and vegetable crops were largely made before the dry weather came on, Mr. Hall said, and he saw no reason for material change in shipments or prices.

HIGHER IN NEW YORK

Washington, Aug. 13.—(AP)—A complaint of an "undue" increase in prices of fresh vegetables in New York City as a result of the drought was laid before President Hoover today by Representative LaGuardia, of New York.

LaGuardia, a Republican, said the President requested him to take up the matter with the Department of Agriculture. The Representative made an appointment with Secretary Hyde for later in the day.

He said unless some immediate action were taken to prevent unnecessary price increases, "very drastic steps will be taken by consumers."

No Cause for Alarm

Secretary Hyde said before LaGuardia's protest that no specific instances of profiteering in food stuffs had been called to his attention but the Agriculture Department was on the alert. He asserted there was no cause for alarm among housewives.

LaGuardia said "second-grade" fresh vegetables were selling from 25 to 30 per cent higher in the metropolis, since drought reports began to come in.

He did not blame the retailers, saying the commission merchant, jobber, wholesaler, or all three together, were responsible.

He said milk, eggs and butter prices also were up, but held that might be justified because of the drought's effect on cattle feed.

"There is a tendency to take an undue advantage of the drought to jack up prices," he said.

The weather showed signs today of cooperating with the Hoover drought conference, good rains in the last 24 hours being reported from Missouri with showers forecast in the corn belt tonight and tomorrow.

Showers were forecast today for lower Michigan, Illinois, western Indiana, portions of upper Michigan, Wisconsin, eastern Iowa and eastern and central Missouri.

Tilden Plays Again After Two-Day Rest

Rye, N. Y., Aug. 13.—(AP)—Big Bill Tilden, after a two-day rest, picks up a racquet again today in defense of his eastern grass courts title as the sixteen remaining men players swing into the third round of the singles play at the Westchester Country Club.

The veteran ace of the United States Davis Cup team is scheduled to play Julius Seligson, Lehigh University star from New York. Seven other men's singles matches are also on today's schedule.

The women's singles were also down to the third round with Baroness Levi, Italy's No. 2 ranking player, slated to meet Mrs. Ruth Oxman, Cincinnati, in the feature match.

Dan Patch's Mark For Mile Unbroken

Springfield, Ill., Aug. 13.—(AP)—Remember Dan Patch? They're still trying to break his 24-year-old pacing record of 1:55 for the mile.

Another serious attempt will be made to shatter the stout hearted thoroughbred's great mark at the Illinois state fair, August 21. Winnipeg, one of the fastest pacers the turf has ever produced, will make the attempt as a special feature.

Winnipeg's best time in the event is 1:57 1-4.

Some Oddities In Wire News Today From Various Parts

WINS GOLD-LINED GROUSE
Boise, Idaho, Aug. 13.—(AP)—As a nimrod Gus Gilbert wins the gold-lined Grouse.

It was one of three he shot while hunting on the upper Boise river. In its gizzard was a gold nugget the size of a lima bean.

CUPS COPS' CLUE

Evanston, Ill., Aug. 13.—(AP)—Any home-made miniature golf course springing up in Evanston in the near future will draw suspicion on its builder.

The cups of the first nine greens of the Evanston community course were stolen last night. The police, mindful of the craze for midget golf that is sweeping Evanston and numerous other places, put two and two together and started a tour of vacant lots.

TOO MANY WHALES

Springfield, Ill., Aug. 13.—(AP)—There are too many whales in Springfield.

One of them, marked "the largest in the world" had been without competition until another of the same description arrived yesterday for the State Fair, and at about the same time a third one came, mis-sent to Springfield, Illinois.

Owners of the first one here are standing their ground, equipped with a license from the city, while the State Fair owners are fuming that they have been done irreparable damage.

NEW FORM OF CONTEST

Princeton, Ind., Aug. 13.—(AP)—A new form of endurance contest was engaged in by two women shoppers in a Princeton store when shoe bargains were placed on sale at \$1 a pair.

When the doors of the store were opened, between 50 and 60 women rushed in, grabbed shoes off the bargain counter, and began trying them on. In the mad scramble one woman put on the right shoe of one pair and another woman put on the left shoe of the same pair.

Both women insisted on having the shoes and the management of the store refused to intervene.

The women sat in the store, each refusing to give up the shoe she had placed on her foot, until 40 minutes after when one of them grew tired, gave up the shoe, and went home.

TIMES HAVE CHANGED

Danville, Ill., Aug. 13.—(UP)—Small salaried men who have no family to support can sympathize with the position of Roscoe R. Fawcett, a salesman, to whom has been assigned the task of caring for two wives and three children on a salary of \$22.50 a week.

Fawcett was divorced from his first wife and two months later took a second one and serious complications in his finances ensued.

He was arraigned recently in county court here on a charge of child abandonment. His first wife, who resides at Rankin, charged him with failing to provide for their two children, 12 and 13 years old.

Fawcett pleaded that at the time he was divorced he was making good wages, but that times have changed and that he now is receiving but \$22.50 a week. He offered to pay \$5 weekly toward the support of his children but the court ordered him to pay \$7.50.

This leaves Fawcett with \$15 a week to look after wife No. two and himself.

Argentine Fighter Shows Fans Plenty

New York, Aug. 13.—(AP)—Justo Suarez, a hard hitting lightweight from the Argentine, has made his second appearance in the United States and given the fans something to talk about.

Stacking up against the more experienced Herman Perlick of the Kalamazoo, Mich. twin brothers, the rugged South American belted out a ten-round decision last night at the Queensboro Stadium to the satisfaction of the referee, the two judges and a crowd of some 6,000.

The 21-year-old Argentine showed plenty of scrap.

JACKSON AND O'BRIEN ESTABLISHED NEW REFUELING ENDURANCE RECORD IN TORRENT OF RAIN THIS MORNING

Lambert St. Louis Field, St. Louis, Aug. 13.—(UP)—Dale Jackson and Forrest O'Brien regained the world's refueling endurance record for airplanes today at 9:52:30 A. M. CST exceeding by one hour the Hunter brothers' mark, and flew on with 1,000 hours as their goal.

The veteran fliers had been in the air almost 555 hours when they sailed past the record of 553:41:30 in their orange and black Curtiss-Robinson plane, in which they have spent

40 days in the last year to gain and regain the record.

A torrent of rain greeted the fliers as they passed the Hunter brothers' mark, but subsided into a heavy drizzle as the new record was made. It was the first real rain, however, that this drought-distressed section has had in a month.

Each revolution of the six cylinder motor's propeller helped add to the time of the new record as the Great St. Louis flew on.

HAWKS BEATING LINDY'S FLIGHT WEST TO EAST

Success In Sight When He Stopped At Half Way Port Today

Wichita, Kas., Aug. 13.—(AP)—Captain Frank Hawk, attempting to recapture the west-east transcontinental flight record wrested from him last Easter by Col. and Mrs. Charles A. Lindbergh, started off on the last half of his journey today with success in sight.

The flier arrived here from Glen-52 minutes from the time required by Lindbergh to reach Wichita, the only stop they made on their dash to New York.

Hawks remained here 15 minutes while his plane was refueled and departed at 10:35:52 a. m., with Indianapolis as his next stop. His time to Wichita was 6 hours, 4 minutes and 11 seconds.

He recaptured the west-east record Hawks would have a monopoly on transcontinental flight marks. He made a five-stop flight from New York to Los Angeles last week, setting a new record of 14 hours, 50 minutes and 43 seconds.

Weekly Concert By Band Tomorrow

Director Earl Sennett today announced the following program for the regular weekly band concert furnished by the Boys' band at the north entrance to the court house starting Thursday evening at 8 o'clock:

March, The Fez Panella
Overture, Cinderella Rosenkrans
Waltz, Can't You Hear Me Say I Love You Brown

Intermezzo, Chanson Triste King
Selection, Tannhauser Wagner
Fox Trot, Around the Corner, Kassel Waltz, Jeannine I Dream of Lilac Time Shikret
March, Pitt Panther Panella
Star Spangled Banner

Former Chinese Consul Is Fined

Washington, Aug. 13.—(UP)—Kao Ying, formerly Chinese Vice Consul at San Francisco, has been sentenced by Chinese courts to serve six years and fined \$6,000 and his wife to serve four years and pay a \$4,000 fine, in charges of smuggling narcotics into the United States, the Justice Department announced.

Sun Yuan, who was arrested in San Francisco with Kao Ying and his wife several months ago, was sentenced to serve five years and pay a fine of \$5,000 by the Appellate Court after first being acquitted in the trial court. The Justice Department which turned the three over to the Chinese government for trial in China, was advised of the court action there.

"Fargo Express" Is Staging Come Back

Chicago, Aug. 13.—(AP)—The "Fargo Express," Billy Petrolle, has passed another station enroute to the land of pugilistic comebacks.

He scored his eleventh knockout in thirteen comeback starts last night when he toppled Paddy Walther, a fair lightweight from Chicago, in the fourth round of their scheduled 10 round match at the Congress Arcade. Petrolle impressed the crowd with his form and shot over the crowd's head left hand punch that spilled Jack Berg, one of the foremost contenders for Al Singer's lightweight crown.

Petrolle is after another match with Berg.

Marion Attorney Gets Death Threat

Marion, Ind., Aug. 13.—(UP)—Two letters threatening death if the continues his efforts to identify and punish the members of the mob which bruted two Negro slayers here last week, have been received by Prosecutor Harley F. Hardin and turned over to federal postal authorities.

Hardin, who believes the writers were members of the mob, said the letters might furnish new clues to the lynchings. One was mailed at Gary, and the other at Indianapolis.

BOLTER NORRIS VICTORIOUS IN NEBRASKA POLL

Insurgent Had Increasing Lead Over Regular Opponent

By ASSOCIATED PRESS
Leading figures in Tuesday's five state primaries appeared on the basis of the steadily mounting count of ballots today to have safely weathered the test.

Senator George W. Norris, the Nebraska Republican insurgent who supported Alfred E. Smith in 1928, was gaining an increasing lead over William M. Stebbins, candidate of the "regular" faction in the party.

Gilbert M. Hitchcock, former Senator apparently was nominated by the Democrats to oppose Norris.

Senator Joe T. Robinson, democratic leader and vice-presidential candidate of 1928, had a lead of more than three to one over Tom W. Campbell in the Arkansas Senate race.

Thomas P. Gore, blind former Senator, had a commanding lead over Charles J. Wrightman, Tulsa oil man, for the Democratic Senate nomination in the Oklahoma runoff primary.

William H. "Alf" Murray was far in front of Frank Buttram of Oklahoma City for the gubernatorial nomination.

Light Vote In Alabama

In Alabama early returns gave John H. Bankhead a considerable lead over Frederick I. Thompson, Mobile publisher, in a Senate race marked for its light vote.

Ohio Democrats gave leads to a wet for the Senate and a dry for the Governorship. Robert J. Buckley of Cleveland, advocate of dry repeal, was ahead of his four opponents for the Senate while George White, endorsed by the Anti-Saloon League, had a substantial margin over Stephen M. Young for the gubernatorial nomination.

Both in Oklahoma and Ohio the Democratic choices for the Senate will contest in the election with Republican incumbents who were unopposed within the party. These are Senators W. B. Pine and Roscoe C. McCulloch.

To Oppose Hefflin

In Alabama the Democratic winner will battle Senator J. Thomas Hefflin, ousted from the primary for failing to support the party's 1928 presidential standard bearer. Speculation developed in the state over an indicated large difference in total vote for gubernatorial over Senatorial candidates in view of Hefflin's appeal to his supporters to abstain from voting until the November election. Lieutenant Governor Davis led five other candidates in the gubernatorial race.

The Nebraska primaries appeared to have yielded a victory also for Charles W. Bryan, brother of the Commoner, who sought the Democratic nomination for the governorship. He was the 1924 vice-presidential candidate of his party and formerly was Governor of his state.

Montgomery, local aviator, confessed today to special investigators that he flew over Providence, Ky., coal fields Monday morning in his airplane from which two men dropped nine bombs. Montgomery asserted the investigators said that he maneuvered his plane to protect the people at the mines.

Murphysboro, Ill., Aug. 13.—(AP)—Investigators from two Federal government departments and two states today continued to build up a case of circumstantial evidence against Paul Montgomery, Murphysboro aviator, under arrest here in connection with Monday's air raid on the mining district in the vicinity of Providence, Ky.

The investigators announced today they had signed statements from three persons which they regarded as important to their case. The statements were from Clara Paul, Evelyn Fleming and Raymond Miller, and told of seeing Montgomery leave the airport at approximately 2:30 A. M. (CST) Monday in his low-wing monoplane, accompanied by a strange man.

The "double dated" with Phifer and Montgomery Monday night and all accompanied him to the airport they said. All three said two "rough looking" men were at the airport when they arrived, and one of them got into Montgomery's plane and flew away with him. The man who accompanied Montgomery, they said, carried a sack.

Denies Any Connection
Montgomery, meanwhile, denied connection with the bombing, although admitting he made an early morning flight Monday, but said he flew alone in the vicinity of Pickensville, which is in the opposite direction of Providence.

A warrant charging Montgomery with a felony was issued at Dixon, Ky., but it had not been determined today when the aviator would be taken there. Herman Goldman, a special agent of the Department of Justice; P. Albert, an inspector for the Department of Commerce; Sheriff William Flanagan of Jackson county, Ill., and Sheriff R. L. Overby of Webster County, Kentucky, were among the officials who had questioned Montgomery, the two girls and Phifer.

ASK EXTRADITION
Providence, Ky., Aug. 13.—(AP)—Webster county officials today were awaiting the return from Murphysboro, Ill., of deputy sheriffs who went there for Paul Montgomery, aviator, arrested as a suspect in the bombing from the air of mine properties near here Monday.

A state warrant was issued here for Montgomery, charging him with "banding and confederating together with an unknown man for the purpose of harming another."

At Dixon, Ky., Sheriff R. L. Overby, learning that Montgomery planned to fight extradition, said that he had asked Governor Flem D. Sampson for a requisition on the Governor of Illinois.

The narrow escape of a miner and his family from injury or death was revealed yesterday when an unexploded bomb was found on the roof of his house. The family was in the home at the time of the bombing.

LOCAL REPORT:
For the 24 hours ending at 7 A. M. today: Maximum temperature, 76; minimum, 51. Clear.

TRUCK DRIVER HELD UP LAST EVE AT AGNEW

Clinton Man Relieved Of \$16 By Trio Of Bandits

(Telegraph Special Service)
Sterling, Aug. 13.—John Simmons of Clinton, Iowa, driving a truck for a Clinton bottling works, was held up, slugged and robbed on the Lincoln Highway at the Agnew corners, six miles west of Sterling last evening at 7:45 o'clock. Simmons was driving west when he saw a brown Chevrolet coupe parked on a cross road, two young men standing on the highway and a young woman seated on the running board.

One of the men stopped Simmons and asked for a jack, stating that he desired to repair a tire. Simmons pulled off the paving and left the cab of his truck to procure the jack and assist the stalled motorists and as he stopped to get the jack from the tool box, one of the men flourished a revolver and the second struck Simmons on the top of the head with a pop bottle, rendering him unconscious. About \$16 was taken from Simmons' pockets, which were rifled. Word of the holdup was telephoned to Sterling and city and state officers searched the highways until early this morning in an unsuccessful hunt for the bandits.

EXTRADITION OF ILLINOIS FLIER IS ASKED TODAY

Authorities Claim To Have Strong Case In Bomb Probe

BULLETIN
Murphysboro, Ill., Aug. 13.—(AP)—Paul Montgomery, local aviator, confessed today to special investigators that he flew over Providence, Ky., coal fields Monday morning in his airplane from which two men dropped nine bombs. Montgomery asserted the investigators said that he maneuvered his plane to protect the people at the mines.

The Board of Local Improvements approved the final estimate of the cost of a sewer constructed at Ninth street and Nachusa avenue under local improvement ordinance, No. 255, in the amount of \$918.00.

Bids were opened for the paving of Highland Avenue from Fifth to Sixth streets with concrete and construction of cement sidewalks, three contractors submitting figures as follows: R. W. Sproul & Chris Gravensteyne, Dixon, \$2,814.84; S. D. Hicks Construction Company, Moline, \$2,946.60; D. L. Heagy, Dixon, \$2,999.54.

The Board of Local Improvements adjourned to meet Friday morning at 9:30 at which time the contract will be awarded. The engineer's estimated cost of the improvement is \$3,078.20.

Former Amboy Woman Drowned
(Telegraph Special Service)
Amboy, Aug. 13.—The remains of Mrs. Harold Tubbs, who was accidentally drowned a week ago near Aberdeen, Wash., are expected to arrive at Amboy Thursday morning.

Funeral services will be held Friday afternoon at the First Baptist church at Amboy at 3 o'clock conducted by Rev. Herbert Hall and interment will be in Prairie Rest cemetery.

Mrs. Tubbs was formerly Miss Viola Koenigs and lived at Amboy. She was a member of the Baptist church and was active in the choir and church orchestra. She was well known and favored by a large circle of friends. Her husband, Harold Tubbs, was also a former Amboy resident and is accompanying the remains to this city for interment.

TRUCK KILLS HORSE
A horse belonging to Sam Hill, residing east of Dixon, was struck and killed last night about 11 o'clock on the state highway route 2 paving. The animal was on the paving when it was struck by a Chevrolet truck driven by J. Camnitz of Milwaukee, Wis., who was thrown through the windshield and sustained deep cuts about the face, head and arms. A passenger who was riding with him was pinned in the cab of the truck, which was completely wrecked, and he was cut badly from particles of broken glass. Both men were taken to the Dixon hospital where their injuries were dressed and the truck, which was badly wrecked, was towed to a local garage.

Iowa's University Team Without Capt.

Iowa City, Ia., Aug. 13.—(AP)—The University of Iowa football team elected two captains for good measure last fall. Yet it didn't have one today.

First co-captain Mike Farrow was barred from competition because of his participation in the famous "slush fund." Yesterday, it was announced that co-captain Marcus Magnusson had been barred from the 1930 squad. He was suspended from the school by the University discipline committee last spring.

HILL MARK ACCEPTED
Eugene, Ore., Aug. 13.—(AP)—Alonzo A. Stagg, chairman of the track field committee of the National Collegiate Athletic Association has notified Bill Hayward, University of Oregon track coach, the mark established by Ralph Hill, University of Oregon, in a mile race last spring with Rufus Kiser, University of Washington, had been accepted as the world's intercollegiate record. Hill's time was 4:12.4.

ORGANIZATION AND DIRECTION OF DROUGHT RELIEF NOTHING UNUSUAL TO PRESIDENT HOOVER

Washington, Aug. 13.—(AP)—In undertaking personally to direct the government's program for relief of the stricken drought areas, President Hoover finds himself occupying a role he has filled at intervals for thirty years.

Since his early twenties when he aided the defense of Tientsin in the Boxer Rebellion, he has organized eight separate emergency relief jobs in many sections of the field, exclusive of private rehabilitation efforts as a mining engineer. His record in public relief is as follows:

1900—Organized food relief efforts and directed fortifying of white and Chinese refugees at Tientsin.

1914—Directed from London attempts to bring thousands of American tourists home from warring Europe.

1914-1916—Headed commission for relief of Belgium.

1916-1919—Food Administrator of the United States.

1919—Headed American relief administration feeding children of 23 different countries, and adults of half as many even in defeated central European nations.

1921—Organized American relief for starving Russians during famine.

1927—Directed Mississippi flood relief.

1930—Directed personally drought relief.

BUSINESS AREA NORTH OF NEW BRIDGE TALKED

City Council Also Decides To Change Lighting Arrangements

The prospect for the opening of a new business district on Peoria Avenue from Water streets on the north sides was the subject of considerable discussion before last evening's session of the city council. Frank C. Sproul appeared before the council, stating that he planned the building of a store on Peoria Avenue between Water and Boyd streets and desired to conform to the city's ordinances.

Commissioner Loftus informed the council that the city's ordinances, were not being enforced with relation to the construction of store buildings and cited two instances of recent date where buildings had been constructed and were opened for business without a permit being issued.

L. H. Higgs of the Illinois Northern Utilities Company appeared before the council to discuss the proposed system to be adopted for the lighting of the new Peoria Avenue bridge. Mr. Higgs stated that the proposition to have two lights burning at each end of the structure and two in the center was impractical and advised using all of the lights on one side.

It was finally decided to reduce the candle power in the present lights and permit eight lights to burn from midnight until dawn.

Contractor Paid
The claim of Contractor D. L. Heagy for the construction of the approaches to the new Peoria Avenue bridge was presented to the council in the sum of \$1,791.40 and paid.

The Board of Local Improvements approved the final estimate of the cost of a sewer constructed at Ninth street and Nachusa avenue under local improvement ordinance, No. 255, in the amount of \$918.00.

Bids were opened for the paving of Highland Avenue from Fifth to Sixth streets with concrete and construction of cement sidewalks, three contractors submitting figures as follows: R. W. Sproul & Chris Gravensteyne, Dixon, \$2,814.84; S. D. Hicks Construction Company, Moline, \$2,946.60; D. L. Heagy, Dixon, \$2,999.54.

The Board of Local Improvements adjourned to meet Friday morning at 9:30 at which time the contract will be awarded. The engineer's estimated cost of the improvement is \$3,078.20.

ORGANIZATION AND DIRECTION OF DROUGHT RELIEF NOTHING UNUSUAL TO PRESIDENT HOOVER

Washington, Aug. 13.—(AP)—In undertaking personally to direct the government's program for relief of the stricken drought areas, President Hoover finds himself occupying a role he has filled at intervals for thirty years.

Since his early twenties when he aided the defense of Tientsin in the Boxer Rebellion, he has organized eight separate emergency relief jobs in many sections of the field, exclusive of private rehabilitation efforts as a mining engineer. His record in public relief is as follows:

1900—Organized food relief efforts and directed fortifying of white and Chinese refugees at Tientsin.

1914—Directed from London attempts to bring thousands of American tourists home from warring Europe.

1914-1916—Headed commission for relief of Belgium.

1916-1919—Food Administrator of the United States.

1919—Headed American relief administration feeding children of 23 different countries, and adults of half as many even in defeated central European nations.

1921—Organized American relief for starving Russians during famine.

1927—Directed Mississippi flood relief.

1930—Directed personally drought relief.

Terse Items of News Gathered in Dixon During Day

VETERANS TO POLO

A number of Dixon veterans of the Civil War plan to go to Polo tomorrow to attend the reunion of the Northwestern Soldiers & Sailors Association.

GETS HUNTING PERMITS

City Clerk Blako C. Grover received the first consignment of 1930-31 hunting licenses from the Department of Conservation at Springfield this morning. The licenses were being placed at the Covert Coffee Shop and the Golf Shop for the convenience of hunters.

CONNECT LIGHTS

Electricians today were completing the connections to the new automatic electric signals which will control the traffic on the Peoria Avenue bridge. The warning flasher on Everett street and Peoria avenue was erected and tested out yesterday. The new traffic signals were installed on First street and Peoria avenue and are ready to be placed in operation.

Friday
Lee County Chapter American War Mothers—G. A. R. Hall.

Sunday
Hayle family reunion—Frank Buzard woods.

(Call Miss Patrick at No. 5 for society items.)

MY SON
I RESTED in the thought that you would close my eyes at last, and your strong love would shelter me.

'Til earthly years were past, I thought that on your faithful heart

My head would droop to rest, And death would lose its agony To feel your presence there.

I thought that in the valley you would whisper words of cheer, And your sweet voice would be the last.

To fall upon my ear, I thought I'd find you there, With your dear face to see, The final hope would brighter glow, To mark the way for me.

But now I know that you will come With happy smile to greet; To take my hand again in yours, And lead me to His feet!

—Mary B. Heyer.

Dressmakers' Strike Is Settled In Paris

Paris, Aug. 13.—(U.P.)—A dressmakers' strike which 500 workers in the Rue de la Paix joined in sympathy with textile workers ended Tuesday afternoon. One of the largest dress houses in the fashionable shopping district reached an agreement with its employees, and the others fell in line.

The strikers had demanded a weekly assessment of 13 francs (52 cents) for social insurance to be paid by their employers. When the trouble was settled the strikers promised not to strike again and accepted the following terms:

Outstanding vacations will be paid under existing contracts.

First class skilled dressmakers will receive 238 francs (\$9.92) weekly; second class skilled workers will be paid 225 francs 50 centimes (\$9.02) a week.

The wage scale for apprentices will be from 24 francs (96 cents) to 45 francs (\$1.80) weekly with noon meals furnished by the employers.

Miss Talley To Make Phonograph Records

Chicago, Aug. 13.—(U.P.)—Marion Talley, the young woman who sang her way from a church choir to the footlights of the Metropolitan Opera House and then turned down success to operate a farm, has again changed her mind and her occupation.

Between trains on her way to New York, Miss Talley, accompanied by her mother and sister, admitted that she will make several phonograph records.

cordings, and hinted that she might go back to the operatic stage.

Whether drought conditions had impressed her with the comparative financial safety of the stage, Miss Talley did not say, she admitted, however that the corn crop was a failure.

Her wheat crop was good though, she said.

Miss Marie Worley Accepts Fine Position in La.

Miss Marie Worley of Dixon is the guest of Miss Vernetta White of Mt. Carroll for a few days. The young ladies are sorority sisters and recently graduated from the University of Illinois, both following the musical profession.

Miss Worley has a scholarship for graduate study of piano in Chicago Musical College and has accepted a position as music supervisor in the consolidated schools of Old, Iowa. She will also have charge of girls' athletics in high school.

W.R.C. Held Interesting Meeting Monday

Dixon Woman's Relief Corps No. 218, Auxiliary to the Grand Army of the Republic, held their regular meeting Monday afternoon. During the session applications for membership were read and business of importance was transacted. Mrs. Alice Bennett, chairman of the relief com-

mittee reported clothing distributed, and calls were made on the sick.

National and department general orders were read announcing the school of instruction for assistant inspectors will be held in Roosevelt Hall, in the State-Lake Building in Chicago, Friday August 22nd.

The Department Inspector will conduct the school and will call to order promptly at 9 o'clock standard time, all members of the order are welcome. Mrs. Carrie Decker, Past Department Senior Vice President, and Past President of Dixon corps has the honor of being appointed assistant inspector, and will attend the school of instruction.

The 48th annual convention of the National Woman's Relief Corps will be held in Cincinnati, Ohio, the week beginning August 24th, 1930. All sessions will be held in the Scottish Rite room of the Masonic Temple. National headquarters will be established at Hotel Gibson, where all members and friends of the Woman's Relief Corps and Grand Army of the Republic will be made welcome.

The soldiers and sailors reunion will be held in Polo in the high school building, Thursday, August 14th. Registration and renewing o'd acquaintances, will be the feature of the morning session and the business meeting will open promptly at 1:30 o'clock.

The charter was draped in loving memory of one of their faithful and beloved members, Mrs. Etta Demorest.

Practical Club Had Picnic Supper, Lowell

The Practical club had a picnic supper at Lowell Park Monday evening in honor of Prof. Mays, wife and daughter who were visiting in our city. Mrs. Mays was one of the charter members of the club, and she was pleased to learn the club was still in existence and that there were still a few of the charter members left. They have lived in a number of cities since leaving Dixon twenty-one years ago, but still have a warm place in their hearts for dear old Dixon. They were such good citizens while here, taking active part in church, school and civic affairs and we were loathe to give them up and so glad to have them come back and renew old acquaintances.

Regular Meeting of Alpha Phi Chapter

There was a regular meeting of the Alpha Phi Chapter of the Epsilon Sigma Alpha Sorority on Monday evening in the Assembly room at the I. N. U. offices and a perfect attendance of members was recorded.

Women Rank High As Pilots And Airplane Sales Experts

Washington. — (U.P.) — Women in the aviation world are providing strong competition in the commercial field and are setting records that the men pilots will have difficulty in meeting, according to the air travel division of the American Automobile Association. In the United States there are 250 licensed women aviators whose records are being recognized officially by the National Aeronautic Association.

In addition to the several notable records established by women fliers, they are serving as commercial, transport, test and demonstration pilots, are selling all kinds of airplane equipment, teaching courses, holding down executive positions, with large firms, and are also taking an active part in airport management. Although there are no women mail pilots, there are nine women members of the Air Mail Pilot's Association.

French and American fliers are dividing equally the records sanctioned by the French and American aeronautic associations. Americans hold the altitude and speed records, while the French women have won the

duration and distance events. Among the more notable of the American fliers are: Miss Ruth Alexander, holder of the altitude record; Miss Amelia Earhart, the first woman to fly across the Atlantic ocean; Miss Elinor Smith, holder of the American endurance record; Miss Laura Ingalls, who executed 980 loops at Muskogee, Okla., on May 28th.

An English woman, Miss Amy Johnson, who recently flew from England to Australia, alone, has the distinction of being the first woman to fly such a distance without a companion. Miss Lena Bernstein, a French girl pilot, holds the endurance and distance records. Her endurance flight was one of 35 hours and 46 minutes, and her distance record was made on a non-stop trip from Istres in France to Egypt, a distance of 1,409.27 miles.

Besides these epoch-making flights the women in aviation have been employed by large airplane companies who believe that the women are even more competent than men in sales talk and can sell planes, accessories, and instruments with ease and efficiency.

There was much business before the meeting which was satisfactorily transacted. The session was one of interest and profit.

D. Y. B. Class Held A Happy Meeting

The D. Y. B. class met at the home of Miss Elva Swartz with Miss Mary Currens assistant hostess, August 8.

The meeting opened with song, number 130, after which Lucile Plantz read the 100th Psalm. Then all prayed the Lord's prayer.

Helen Crawford very tactfully presented the lesson.

In the absence of the secretary there were no minutes. As the treasurer was absent Helen Crawford took charge of the roll call. Eleven members responded with parabases.

The program committee members appointed or September are Grace Louise Crawford and Inez Herbst and the story of a miracle. It was decided to have a card shower for Flavel Spangler, cards to be mailed on the following Thursday. The meeting then closed with the Mizpah benediction.

Games were played and then dainty refreshments served by the hostesses.

Bridge Luncheon C.C. Enjoyed Tuesday

The bridge luncheon at the Country Club Tuesday was much enjoyed by about twenty guests. A daintily appointed luncheon was served and a happy afternoon spent at bridge.

Mrs. Max Rosenthal was awarded the favor for high honors and Mrs. Isador Elchler was awarded consolation favor.

PROF. V. G. MAYS, WIFE AND DAUGHTER HERE

Prof. V. G. Mays, wife and daughter of Lebanon, Ill., have returned to their home after having visited for a few days in Dixon. Prof. Mays was at one time superintendent of the south side schools of Dixon and left here about twenty-one years ago. Helen, their daughter, will attend Illinois University this coming year.

PRINCETON MEN AND WOMEN COMING TO DIXON

The Princeton golfers (the men) are coming to Dixon Thursday to play golf and the women are accompanying the gentlemen and will be entertained by the ladies of the Dixon Country club and a good attendance of the Dixon ladies is expected and desired, as Princetonites always prove admirable hosts themselves. The bridge will start about 2 o'clock.

Grace Church W. M. S. Meeting On Tuesday

The Woman's Missionary Society of Grace Evangelical church met on Tuesday at the beautiful country home of Mrs. Frank Glessner.

A delicious picnic dinner was enjoyed at noon. In the afternoon the following program was given:

Song—"Take Time to be Holy," Devotions—Mrs. George Webster, Leaflet—"Jimmie, Virgie, Others"—Bessie Missman.

A good report of the W. M. S. convention held at Barrington was given by the delegate, Mrs. Fred Krahen.

Solo—Mrs. Archie Klein Topic—"Remaking the City," Miss Jeannette Dewey.

A short business session was held. A social time followed and when time to leave all voiced the same opinion of having enjoyed the day.

Mrs. Frank Glessner and Mrs. L. E. Elyre were the hostesses for the day.

ATTY AND MRS. JONES LEFT FOR THE EAST

Attorney and Mrs. Gerald Jones left by motor this morning for the east. They intend to motor to Montreal and other points in Canada, and will visit in Boston, New York and other cities.

GUESTS AT THE HENRY REINHART HOME

Mr. and Mrs. J. L. MacDonald, and family, Mr. and Mrs. Ross Anderson and son Bert, and Mrs. Anna R. Miller of Scranton, Ia., have been guests at the Reinhart home in

Dixon enroute to points east, on a motor trip.

Mrs. Miller, mother of Mrs. Reinhart, is remaining for a visit at the Reinhart home, while the other members of the party continued their journey east this morning.

ANNOUNCE WEDDING OF JUNE 17th

The wedding of Miss Cora Isabel Glyn and Charles V. Robinson of Sterling, which took place in Clinton, Ia., at 10 A. M., on June 17, 1930, has just been announced by the former's parents, Mr. and Mrs. Herman Rodemeyer. The single ring service was performed by Rev. Harry Hanford, pastor of the First Congregational church of Clinton, at his home.

DAUGHTERS UNION VETERANS MEET THURSDAY EVENING

The regular Thursday afternoon meeting of the Daughters of Union Veterans of the Civil War has been changed to an evening meeting at 7:30 o'clock in G. A. R. hall so that members can attend the northern Soldiers and Sailors reunion at Polo, Ill., tomorrow. As many members as possible are requested to attend this reunion.

TAYLOR BEAUTY SHOP CLOSED THURSDAY

Because of Mrs. A. B. Taylor's absence from the city on Thursday, all day, the Taylor Beauty Shop will be closed for the day.

WERE GUESTS AT THE EDWIN V. MELLOTT HOME

Mr. and Mrs. Edwin V. Mellott, 114 E. Chamberlain street, had as their guests Sunday, Mr. and Mrs.

LOYAL MEN'S CLASS MEETING THURSDAY EVENING

The August meeting of the Loyal Men's class of the Christian church, changed from the Samuel Rhodes residence on account of illness in the Rhodes family, will be held tomorrow evening at the home of Mr. and Mrs. A. S. Derr, 424 E. River street.

INVITED TO ATTEND REUNION AT POLO

The ladies of the G. A. R. Circle of Dixon are invited to attend the Soldiers and Sailors reunion in Polo on Thursday. The reunion will be an all day affair.

MR. COLSON OF MENDOTA A DIXON GUEST

L. W. Colson of Mendota is the guest of Mr. and Mrs. C. D. Anderson and daughter Miss Josephine, for a few days in Dixon.

IS GUEST AT E. J. COE RESIDENCE

Miss Hazel Good of Omaha, Neb., is a guest at the E. J. Coe residence.

NOW BUILD THE FLEET

One reason and another banded together enough votes and to spare for ratification of the London treaty for limitation of naval armaments. It is up to the next congress to undertake projects for building a navy such as has been authorized under the treaty.

We have been at some disadvantage in recent limitation conferences by reason of not having kept our naval fleet up to a degree approaching those of other first class powers of the earth, but in the circumstances national defense had not demanded it.

In conformity with terms of our own generosity in the Washington treaty, we sank millions of dollars worth of battleships, built and building. Then Great Britain and Japan proceeded to ignore the ratio fixed for battleships as it might with reason have been applied to cruisers, and they unbalanced the navies by their cruiser projects.

President Coolidge's program of economy dove-tailed with the pacificist propaganda and effort and we fell behind in cruiser building. One movement fairly under way for a comprehensive cruiser project was swept back by the president, who announced his purpose to call a conference for further naval limitation, which means limitation of cruisers. The conference failed and we began to build cruisers. Change in administration brought new negotiations in that direction, President Hoover's conferees surrendering the point on which our approval to this Hoover-MacDonald treaty, which did not require other governments to sink their cruisers as we sank our battleships to bring about parity and fixed ratio. The next step toward parity then is building of cruisers.

Though we begin now to approximate the cruisers of Great Britain and Japan, the terms of the treaty do not permit us to reach parity within the period of its life. During the few years following the World War other powers were so war-torn that size and strength of our navy was of little importance. Passing years have changed that situation, and henceforth it will be to our interest to maintain such a navy as will give force and effect to such assertions as our civil officers may make with reference to the Monroe Doctrine or other matters of importance to us in the western hemisphere.

What will be the principal means of fighting the next great war is more or less a matter of mystery, so rapid have been developments in that direction. Meanwhile, America, has notions of her own about some matters in this hemisphere, and we well may heed the Roosevelt formula, "Speak softly, but carry a big stick."

Many obstacles will be thrown in the way of a navy building project, as pacifism is well organized for that purpose. Its program was to ratify the treaty and then to oppose building up to the concessions granted us. We think it is the duty of the administration to throw its strength back of navy building in accordance with the treaty.

A TRIFLE TOO CLEVER

The men who didn't care what kind of methods they used to beat Senator George W. Norris in the Nebraska senatorial primary seems to have put their foot right squarely in it.

You remember, of course, how they dug up an obscure grocer named George W. Norris as an opponent for the famous senator? It looked like a smart trick. If it had gone through Norris undoubtedly would have been beaten. Unfortunately for the connivers, the courts finally ruled that since Grocer Norris' entry was filed too late he could not run.

And now it is beginning to look as if this unspeakable bit of trickery were simply going to gain more votes for Senator Norris. The American people recognize foul play when they see it. That evidently is the way it is going to work out in this case.

Since the government has announced it will pay for liquor dispensed in United States embassies. American diplomats can no longer be expected to begin their toasts: "It's on the House."

Now that whiskey and brandy have been approved as necessary medicinal agents in the practice of dentistry, it won't be a figure of speech hereafter to refer to a person suffering with a toothache as having a swell time.

"To an American," declares Odette Myrtil, the actress, "everything is either lousy or marvelous." To the American girl, in particular, everything is simply awful or cute.

Nobody in Scotland, says the American consul in Glasgow, wants to migrate to the United States although a year ago 33,000 sought entry. Most of them, perhaps, have saved up, but are waiting for that rainy day.

Prohibition agents are instructed to use brains instead of force in their work hereafter. This will arouse resentment among detectives who are thought to have a monopoly on the method.

THE TINYMITES

(READ THE STORY, THEN COLOR THE PICTURE.)

The foreign lads were very pleased. The Travel Man's big hand they squeezed and all said, "Oh, we thank you heaps for all these dandy cakes. And now we know we've had enough. It isn't very wise to stuff. Whene'er a youngster over-eats his tummy always aches."

"You're right," replied the Travel Man. "I'm glad you've eaten all you can and still are smart enough to stop. You lads have been taught right. The Tinymites can learn from you. The way my little fellows stuff sometimes is quite a fright."

Said Scouty, "Gee, I guess we do eat much too much when we're with you, but that's because you always pick the things that taste so good. From now on we will try to be more thoughtful and eat sensibly. We know, of course, it doesn't pay to eat more than you should."

And then the Tinies, mid much

noise, bid good-bye to the foreign boys. "We hope to see you all again," cried Clowny, with a smile. "We're going now to see a street which we are told is quite a treat. 'Course you can join us, if you wish. It's only 'bout a mile."

But one good looking foreign lad replied, "Thanks, but it's just too bad. We cannot leave our neighborhood. We must stay right near home. We have no Travel Man with us, and if we leave our folks will fuss. We only hope you have a wondrous time, wherever you may roam."

The street the Tinies had in mind was not so very hard to find and when they reached it, my, 'twas queer, and narrow as could be. Each house had stone steps out in front and Coppy said, "That's quite a stunt. It makes a dandy place to sit. That would appeal to me."

(The Tinies see an odd sight at a well, in the next story.)

**LUCY STONE'S BIRTH**

On Aug. 13, 1818, Lucy Stone, a pioneer American suffragist, and often referred to as "the morning star of the woman's right movement," was born in West Brookfield, Mass., the daughter of a farmer.

As a girl she was considered "queer" because she believed that woman was entitled to every social and political right enjoyed by man. Bent on practicing what she preached, Lucy traveled to Ohio to enter Oberlin, one of the first of America's co-educational schools, to learn Hebrew and Greek in order to know at first hand whether the biblical texts quoted against the equal rights of women were true translations. On graduation she gained the distinction of being the first Massachusetts woman to obtain a college degree.

Following a tour of New England and Canada in which she lectured in behalf of the anti-slavery movement, she married Henry B. Blackwell. She maintained her maiden name with her husband's consent, a custom which has gained in popularity since her death in 1893.

During political campaigns she lec-

tured for woman's suffrage amendments and took the most prominent part in founding the American Woman's Suffrage Association, of which she later became president.

Daily Health Talk**WELL FORMED MOUTHS**

By Landis H. Wirt, D. D. S., South Bend, Indiana

This series of articles is prepared under the direction of the Gorgas Memorial Institute, which is organized to perpetuate the life work of the late Major-General Gorgas in preventing unnecessary illness. The headquarters of the Institute are at 1331 G Street, N. W., Washington, D. C.

Today we continue our discussion of the importance of early orthodontic treatment.

In most cases, malocclusion or improper closing of teeth, is caused by some disturbance of nutrition in infancy, together with the influence of such habits as thumb, finger or pacifier sucking, mouth breathing or lack of exercise of the jaws. Children raised on a bottle almost invariably develop deformity of the jaws and features through the fact that they do not have to work their jaws as hard in getting their food as they

would if breast fed; and lack of vigorous exercise brings lack of development. Again, when they are weaned, they too often are given only food that has been passed through a sieve and made so pulpy that they are cheated of all opportunity to establish the instinct for chewing. Who ever heard of a puppy or a tiger cub that had to have its food passed through a sieve when weaned? Why does the pup chew up every old rubber shoe it can find? To develop its jaws, of course.

The prevention of malformations is principally a matter of early care. Breast feeding where at all possible or otherwise the use of a nipple closely resembling nature in form, and with the opening small enough so that the child must work for its dinner. Precautions should be observed for the prevention of colds, and prompt measures for their relief adopted if already acquired. After weaning, the avoidance as far as possible of soft pulpy foods and the careful training in vigorous chewing of food that is tough and fibrous will go far toward the development of well formed jaws with room for the teeth to assume their normal positions.

During the period from five to ten or twelve years of age during which the "baby teeth" are being replaced by the adult ones, the child should be given frequent inspection by a thoroughly competent dentist, or better still one who has been trained as an orthodontist, in order to detect the development of malocclusion before it has a chance to become well estab-

lished. Sometimes a little wise advice at this time will ward off a deformity which when established would be difficult to correct.

Corrective measures, to be most successful, should be applied early. It is a grave mistake to wait until all the adult teeth are in place. It is not impossible to correct irregular teeth in the adult, but the best results are obtained if treatment is not delayed beyond the adolescent years.

The principal means of correction of the deformities I have been discussing is by the use of appliances made of gold and platinum bands and wires so designed and applied as to stimulate growth of the bones about the teeth, and to direct this growth in such a manner as to bring about a return to harmony of function and appearance. This sometimes is referred to as "straightening the teeth" but while it is true that the teeth are made to assume a nice, even appearance, the aesthetic effect is not of a great importance as the re-establishment of normal function.

It is becoming more common for parents whose children exhibit any slightest tendency to these malformations of the denture, to go directly to the orthodontist for advice, and do so early.

SNARES BIG TROUT

Salida, Colo., (U.P.)—After battling for an hour and a half to land it, Irl Talifero pulled a trout weighing eight pounds, 14 ounces from the Arkansas river.

QUOTATIONS

"The best stories in the world have always been both fairy story and lawyer's statement of the case."

—Hugh Walpole, novelist.

"Since the war everything has changed except the price of theater tickets, judges' salaries and political formulae."

—Edgar Wallace.

"The most beautiful women come from the south and middle west. New York City is the mecca of all beauty, as it is of everything else. Boston is not so good as far as beautiful women go."

—James Montgomery Flagg, artist.

"Sobriety is not a negative condition; it is positive, active and enjoyable."

—George Bernard Shaw.

"There is nothing in the world which will so humble an individual as a custard pie, properly placed."

—Mack Sennett.

"If we make art accessible to the people, the people will go after art."

—Otto H. Kahn.

Nurses will find Record Sheets at the B. F. Shaw Printing Co.

Tourtillott, Bott Honored By 6th. Reg.

Galesburg, Ill., Aug. 13—(U.P.)—Lester Lawrence, Galesburg, was elected president of the Sixth Illinois Volunteer Infantry Association at the closing session of a two day convention of the Spanish American War veterans here Tuesday.

Other officers elected were: Fred E. Brown, Sterling, Secretary and Treasurer; directors named were: Col. Kittleson, Moline; William Frey, Rock Island; L. C. Hunter, Geneseo; Charles J. Rose, Galesburg; J. M. Shipplett, Abingdon; George J. Gould, Moline; Charles Bott, Dixon; R. R. Murdoch, Monmouth; Harry Bent, Morrison; A. T. Tourtillott, Dixon; Simon Ottenhoser, Freeport; Victor Madden, Galena.

Freeport was awarded the 1931 convention. Over 300, half of the surviving membership of the regiment, were present for the Galesburg reunion.

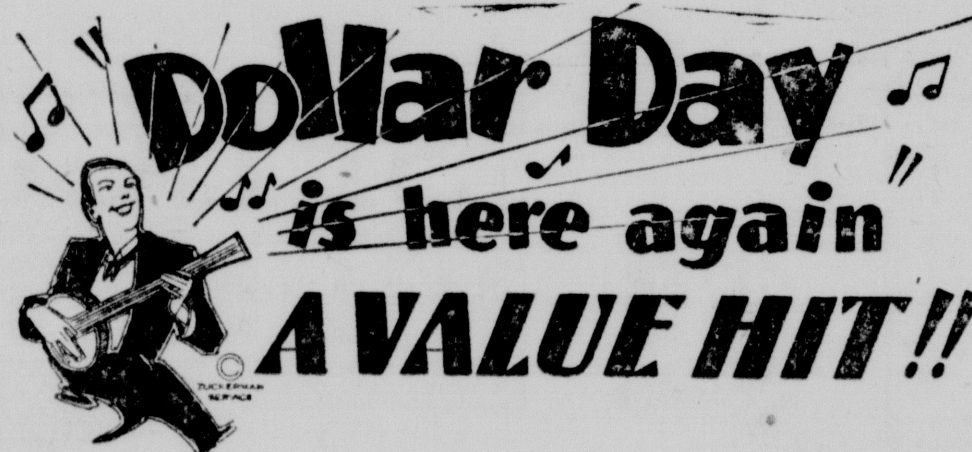

ELECTROCUTES FLIES

Nebraska City, Neb. — (U.P.) — W. A. Williams has hit upon a system of fly extermination which he terms a "huge success." Williams has developed a system whereby insects are electrocuted. The device is simple, he says, the flies settling on a screen over a rectangular box and at once "passing out."

Russia is installing a dial telephone system to replace its present manual operated phones.

MOTHER EARTH IS HEAVIER AS RESULT STORM

Annual Visitation Of Perseids Seen In Many Places

Philadelphia, Aug. 12.—(UP)—Although the man in the street may not realize it, this old world was a fraction heavier today than it was when the early-to-bed folks retired last night.

Innumerable particles of meteoric matter were lying around in various parts of the globe as the result of the annual visitation of the Perseids last night and early today.

From down-town Philadelphia, where electric light interfered with visibility, the display was seen. It appeared as if the stars in the northern section of the sky went on a little "jag" of their own.

In many respects the "shooting stars" and meteors resembled a display of very lights before a big bombardment on the front line in the days of the World War. Veterans who watched the Perseids said it was the closest thing they had ever seen to a "big night" on the western front.

The display, astronomers say, is caused by the earth's passage through the meteoric cloud—the debris of the solar system—and while the passage of the meteors in the outer ether cannot be seen because they cannot give off light, as soon as the matter enters the air surrounding the earth the friction sets them afire.

It is believed they catch fire at an elevation of 70 miles and burn themselves out by the time they drop to within 50 miles of the earth. Only the largest survive the burning process and reach the earth as meteorites. They have been found to contain most of the minerals found upon the earth. The largest so far discovered weighs 36½ tons.

OHIO NEWS

OHIO—Esther Belle and Opal Keeton of Parkerville, Kansas are visiting their grand-parents, Mr. and Mrs. H. A. Jackson.

Miss Eleanor Johnson of Princeton was a guest last week of Miss Jeanette Neis.

Mrs. Kate Segren and daughters are enjoying a motor trip through the western states.

Mrs. Clyde Scott and family of Rock Falls are guests in the Henry Cavanaugh home.

\$200,000 Estate Of Recluse To Charity

Philadelphia (UP)—William Snodgrass, 73, Los Angeles recluse who once lived here, has left a fortune estimated in excess of \$200,000 to the Pennsylvania and Presbyterian hospitals of Philadelphia and the Masonic Home at Elizabethton, Pa. Each will receive one-third of the estate.

Snodgrass, who fled from a hospital in Los Angeles several weeks ago because he didn't want to pay the expenses incurred there, died Monday night in Los Angeles. No relatives could be located.

For several years he had lived in a small room in a cheap hotel. The room was kept locked at all times and he emerged only to purchase 15 and 20 cent meals, reports received here said.

News of the bequests was conveyed to the heads of the institutions named by David J. Myers, local attorney, who drew up Snodgrass' will 20 years ago when he was in business here.

Search of Snodgrass' room after he died revealed \$326 in cash hidden beneath a carpet and some keys, which were to a safety deposit box in the Bank of America. When opened, the box contained cash and securities valued at more than \$200,000.

The aged man's body is still unclaimed in the county morgue. The Public Administrator could not find any relatives.

Science has determined that on an average it takes two hours for a person to digest bread.

NORTHERN CHINA INVADED BY FAD TO RAISE BEES

Japanese Honey Makers Are Popular; School Course Is Started

By D. C. BESS

United Press Staff Correspondent
Peiping (UP)—North China has been invaded by an immense army from Japan—hundreds of thousands of highly disciplined and well-armed creatures have crossed the China Sea at the invitation of the Chinese.

The invaders are bees—honey bees. The whole of North China seems suddenly to have gone wild in its desire for bees and Japan has been in a position to supply the demand which still shows no signs of slackening.

Almost every steamer from Japan to Tientsin brings its quota of bees and few trains from the port to Peiping lack a few hives in the baggage cars. Shops have sprung up along Hatanen street one of the principal shopping streets of Peiping dealing almost exclusively in equipment for bee-keepers—nets and hives and special gloves.

The origin of the craze seems something of a mystery but it has swept North China with the suddenness of the mah jongg craze in the United States a few years ago. Shrewd observers believe it is likely to end as quickly.

A school of bee-keeping has been established in the palace of the late Li Lien-yung chief eunuch in the Forbidden City under the Empress Dowager. The multiple courtyards of the palace are filled with bees and with earnest Chinese learning how to care for them.

A "short course" is being taught pupils who are turned out as expert bee-keepers in a few weeks. It is reported that some former palace eunuchs are interested in the school.

Thus far the Chinese purchasers of bees seem interested in bees for their own sake and not for their potential honey. At present bees are being raised to sell not to manufacture honey. The demand for the little creatures is so great that they are sold as soon as a fresh hive is obtainable.

During the recent dispute over the

Tientsin customs, when the port was closed for 24 hours the first steamer cleared was one from Japan carrying a large number of bee-hives in its cargo. The bees were being rushed to Peiping to sell, and the Japanese consulate-general cleared the steamer so there would be no delay.

Chinese of all walks of life have acquired a sudden interest in bees. They seem to think that small fortunes can be made in a few months by raising bees.

Their interest is the more surprising because honey is not particularly popular in China. It has been difficult to buy good honey in North China until recently, and even now bees are being bought and sold so rapidly that they are not permitted to turn out much honey.

Meanwhile, bees are attracting almost as much attention as the civil war. There is evidence everywhere of this new invasion, and bees are a popular topic of conversation. Observers are watching with interest to see how long the invasion will continue.

Nothing so demoralizes the forces of the soul as fear. Only as we realize the presence of the Lord does fear give way to faith.—Sarah Smiley.

A THOUGHT FOR TODAY

Serve the Lord with fear and rejoice with trembling.—Psalm 2:11.

Nothing so demoralizes the forces of the soul as fear. Only as we realize the presence of the Lord does fear give way to faith.—Sarah Smiley.

Rockford Killer Appeals Sentence

Springfield, Ill.—(AP)—John Pokosa, 50 years old, who was convicted by the Winnebago county Circuit Court for the slaying of his son-in-law, Gordon Saaf, last May, has appealed to the Supreme Court to set aside the life sentence imposed by the lower court.

Differences in religion and race are said to have caused the trouble between Pokosa and Saaf who married Estelle Pokosa in the face of the opposition from her family.

Pokosa shot Saaf twice through the head when the bride and groom entered the Pokosa home on May 4.

Two German passenger liners have been equipped with bowling alleys in which machinery automatically resets the pins, returns the balls, and indicates the scores.

BEAUTIFICATION OF COMMUNITY IS HELD ESSENTIAL

Dr. Hieronymus of U. of I. Addressed Virginia Institute Today

University, Va., Aug. 13 — (A.P.)—A community may not be to blame for not being beautiful by nature, but it is to blame if there are not sooner or later forces within and without working together to make it beautiful. Dr. R. E. Hieronymus, community adviser at the University of Illinois, said today at the Institute of Public Affairs at the University of Virginia.

Dr. Hieronymus said that the movement for a beautiful Illinois has been a gradual movement. He described the Better Community movement, which seeks to improve the living conditions in the various communities through the organizations and institutions within the communities themselves.

The creation of the Art Extension Committee was due to the fact that there was no existing agency for making the community a more beautiful place to live, he said. Its first meeting was held 11 years ago in connection with the Fourth annual Better Community Conference.

"The purpose of the Art Extension Committee," he said, "is to assist in making art a more potent, elevating force in the lives of the people of the state of Illinois. It aims to help the people to discover beauty in nature and to enjoy, to recognize beauty in art and to appreciate it, and to stimulate the production of beautiful things."

The speaker said that about 250 different communities are represented on the committee, and about 50 of the leading state agencies are also represented.

"We have no constitution, no by-laws, no dotted line to sign, no fees or dues, no salaries, no swell banquets," he declared. "Nor is this a group of the idle rich, but of active everyday workers. It is a carefully selected group of busy people rendering a voluntary service."

All members are asked, however, to try to bring about in their own communities, or through organizations they represent, the things most needed that seem possible to do. In other words membership is based mainly on achievement.

One of the steps in stimulating activity in many communities was the selection of 100 so-called beauty spots, Dr. Hieronymus said. A state-wide competition was instituted giving each place thinking it had something worth while the opportunity to submit photographs. Nearly 2,000 pictures were submitted.

Publicly in the weekly, daily and local papers of the state called attention to these places and told how to reach them. "The 95,000 miles of hard road and the million and half of autos in Illinois have done the rest," he said.

The annual tour of the Art Extension Committee was described as by far the most interesting and helpful of the projects of the Committee.

West Brooklyn News

WEST BROOKLYN—Mr. and Mrs. William Untz motored to Mendota Sunday and visited at the homes of friends and relatives.

Mrs. Frank Bauer has again resumed her home her after making her home with her various children for the past year.

Mr. and Mrs. H. A. Bernardin motored to the home of her brother, Fred Melhausen Sunday where they were guests for dinner.

Mrs. Carrie Johnson entertained at Sunday dinner the following in honor of her son, Ray who was confirmed at the Brooklyn Lutheran church Friday evening; Mr. and Mrs. John Fassig; Mr. and Mrs. George Fassig and family; Mr. and Mrs. Arthur Kutter of Mendota and Mr. and Mrs. Robert Guether.

Mr. and Mrs. Henry W. Gehant left on Monday for a two week's vacation which they will spend in the Wisconsin lake region.

Mrs. William Chaon was here from Dixon several days this week and visited at the home of his sister, Mrs. Sarah Horton.

Mr. and Mrs. Clarence White of Moline were here on Sunday and visited at the home of his parents, Dr. and Mrs. E. C. White.

George Leonard was here Saturday and bailed alfalfa hay both for himself and Seymour Vickrey. The hay was stored in the old livery barn until it will be needed this winter.

A. H. Parks returned to his home at Minonk Saturday after spending a week here looking after the interests of his farms occupied by John Sorrenson and William Taylor.

George Halbmaier is busy this week painting the buildings upon the Dysart farm.

Mr. and Mrs. Charles Rex were here on Friday from Sublette and visited at the home of their parents, Mr. and Mrs. Henry Lipps and other friends.

Lawrence Joerger was here from the vicinity of Mendota Saturday and visited at the home of Mr. and Mrs. George Jones.

Edward and Frank Bresson were business callers in Amboy Saturday.

Mr. and Mrs. Chris July were here from Lee Center township Saturday calling upon former neighbors.

Mr. and Mrs. Joseph Sondgeroth were down from Belvidere Sunday and spent the day visiting at the home of her mother, Mrs. H. F. Gehant. While here Joe leased his farm to Charles Krahenbuhl for the coming year.

Mr. and Mrs. J. H. Michel and family motored to Mendota Sunday where they visited at the home of Mr. and Mrs. Norbit Michel.

Arthur Vickrey was home from Freeport the week-end and visited with his parents, Mr. and Mrs. Seymour Vickrey. Art is now a full fledged street car conductor.

E. A. Brown was here from the Madison office of the Illinois Commercial Telephone Co., auditing the books of the local collectors.

Mrs. Frank Knauer entertained the ladies of the domestic science club at her home on Wednesday afternoon where a most delightful time was had.

Mr. and Mrs. Peter Schneider were here from Peterstown on Saturday visiting at the home of Mr. and Mrs. Joseph Haub. They are planning upon leaving this week via auto for South Dakota where they will visit with her parents, Mr. and Mrs. Matt Haub.

John Ackland was over from near Scarborough on Saturday calling upon business friends.

Mr. and Mrs. Edward Foley and family were here from La Salle on Sunday and spent the day at the home of her parents, Mr. and Mrs. Laurent Gehant. Mrs. Foley and the children remained for a week's stay.

The corn was pretty badly blown down during the storm on Saturday afternoon but the rain was so welcome that the damage was overlooked.

Mr. and Mrs. Oeslie Derr were here on Sunday from Shabbona and visited at the home of his parents, Mr. and Mrs. A. L. Derr.

Fred Owrheart returned to his home at Freeport on Monday after spending the past month here assisting with the threshing and harvesting at the Louie Hoover farm.

Mr. and Mrs. Justin Becker were here from Maytown on Sunday and visited at the homes of friends and relatives on Sunday.

Mr. and Mrs. Joseph E. Vincent were in Mendota on Sunday visiting with friends.

Mr. and Mrs. F. J. Morrissey and

JORDAN JOTTINGS

Jordan—M. W. Pittman had 15 acres of oats yield 1400 bushels or 93% bushels per acre. Roy Brown says they were the highest yielding oats he ever put through a machine.

Mr. and Mrs. George Miller are moving into the late Leah Kelley property which they purchased.

Born to Mr. and Mrs. Wm. Johnson Aug. 7 a son.

George Schryver spent the past week on the road with his tractor, grading the road for gravel.

Henry Gatz and wife will leave this week for California.

Bert Flowers went to Wisconsin for a few days visit with his sister.

I. S. Finkle of Marshalltown, Ia. was here the fore part of the past week on business.

Miss June Folk and brother Melvin are visiting at the Leonard Hodge home.

David Finkle left last week for Hampton, Ia. and Dakota.

Mrs. Mary Daehler of Aurora is visiting at the John Scholl home and with Miss Laura Davis. Mrs. Mary

Daehler was formerly Miss Mary Page and lived at Penrose.

Mrs. Wm. Hummel is nursing a felon on her thumb.

Mrs. Lillian Murray was a Sterling shopper Saturday afternoon.

Douglas Deyo, Lewis Landis and Elton Bellows assisted Walter Schryver threshing Friday.

Elmer Solenberger has purchased the former Robert Drynas property and will move there this week.

Eldridge Cain was a Polo visitor

Lay Evangelist Is Coming To This City

The following quotation is taken from The Presbyterian Banner of August 7th and has to do with the man who is to lead a union meeting for the Baptists, Methodists and Presbyterians Oct. 22 to Nov. 2. The meetings will be held in the Methodist church.

Anson, Tex.—Central church recently was visited by Guy W. Green, lay evangelist of Kansas City, Mo. Mr. Green conducted special meetings July 16 to 27. As this was the second visit of the Kansas City layman to Anson the crowds were large, many being turned away both Sunday nights. A large delegation from Abilene, where Mr. Green held a meeting three years ago, was present. One of the services. All denominations of the town joined to make the special effort a success.

Most of the bugle calls used in the United States Army have been adopted from foreign countries.

THEY GAVE A new Thrill

THAT'S WHY THEY GOT THERE . . . SO QUICKLY

SHE WASN'T EVEN ON THE PROGRAM, WHEN SHE DANCED WITH THE CHORUS. . . JUST A FEW YEARS AGO. TODAY, WHEN SHE STARS IN 'OUR BLUSHING BRIDES', ADMIRING MILLIONS DON'T NEED PROGRAMS.

FAST SUCCESS STORY NO. 10
JOAN CRAWFORD

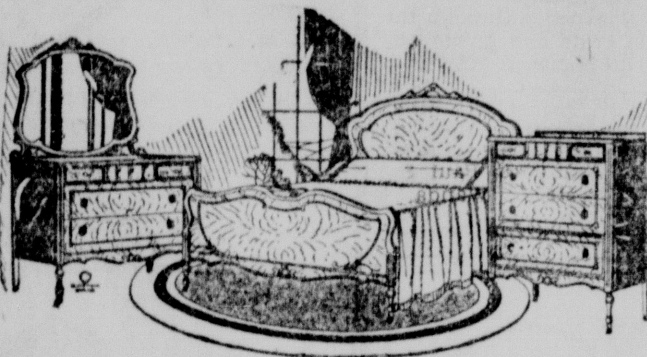

Joan is America's "Dancing Daughter." She danced through school. She danced through college. She danced as an "extra." She danced to stardom. All in a few brief years.

Just as another young star, OLD GOLD, waltzed through New England in barely two weeks. Skipped through the West before the end of the winter. Won the whole country in little more than a year.

Why? Mother Nature's better tobaccos gave OLD GOLD its famous throat-ease. Joan Crawfords and OLD GOLDS are Mother Nature's favorites . . . that's why they dance their way to the front.

GALLANT FOX TO MEET HARD TEST SATURDAY

Whichone Is Expected To
Give Him Tussle
At Saratoga

By ORLO ROBERTSON
Associated Press Sports Writer
New York, Aug. 12—(A.P.)—With George D. Widener's Jamestown enthroned as the juvenile champion for the time being at least, another title will be at stake Saturday when Harry Payne Whitney's Whichone socks out Gallant Fox from the Three-year-old championship in the sixty-first running of the Travers at Saratoga.

Back to the racing wars after an enforced vacation, the great son of Chicle appears to be faster than at any time in his sensational career. And that is covering a lot of ground for the Whitney ace was the ranking two-year-old of 1929.

If Whichone's performances in the Saratoga and Whitney Stakes are any criterion as to what he will do Saturday, then Gallant Fox is up against a mighty tough proposition in his battle to go through the year undefeated. Supporters of the Fox may be slightly worried by Whichone's 1:37 and 2:04 in his two Saratoga victories in the past week but not Sunny Jim Fitzsimmons.

Asked what he thinks about Saturday's duel, the veteran trainer of the Sir Gallahad III offspring merely smiles and gives his usual answer: "I have a mighty fit horse."

Saturday will be the first time this year Whichone has not gone to the post the odds-on favorite.

The Fox will in all probability rule the 3 to 5 voice with Whichone being offered at 7 or 8 to 5.

Evidently believing plenty of work is the best conditioner for his star Turn Heavily, trainer for the Whitneyables, is sending Whichone to the post three times within a week. He appeared twice last week and is slated to go today in the Miller with a purse of \$3,500 added.

In contrast Fitzsimmons is confining the Fox's workouts to morning

trips around the Spa oval. A victory Saturday for Gallant Fox would boost his earnings above the \$300,000 mark and within striking distance of the all-time money winning record of \$313,639 held by Zev. Gallant Fox has won in excess of \$274,000.

PALMYRA

Palmyra—Mrs. J. T. Lawrence of Palmyra is entertaining her daughter and family, Mr. and Mrs. Charles Miller and Mrs. Herbert Miller and baby, all of East Grand Forks, N. D. Mrs. Guy Dalton and sister Miss Marcella Rutt, daughters of Mr. and Mrs. Ira Rutt of Palmyra came Saturday from Chicago to be with their mother who underwent an operation for appendicitis at the Dixon hospital. They returned Sunday. At this writing Mrs. Rutt is improving nicely from her operation.

Miss Wilson of Maryland is spending some time in the Verne Straw home.

Mr. and Mrs. Jesse Sivits and family are motoring through the Dakotas and Nebraska on a vacation. Mrs. Charles Hains of Sterling is staying at the farm home during their absence.

Mr. and Mrs. Carl Straw have guests in their home from Dixon and Wheaton.

Mrs. Jennie Hackbarth and son Walter moved to Dixon Monday.

The Lawrence families picked up at the Becker timber Sunday.

The Smiths from Chadwick reported all of the low land along Otter creek covered with water Sunday morning from Saturday's rain. Much of the corn was blown down and some torn out by the roods. The high wind did considerable damage to the telephone lines.

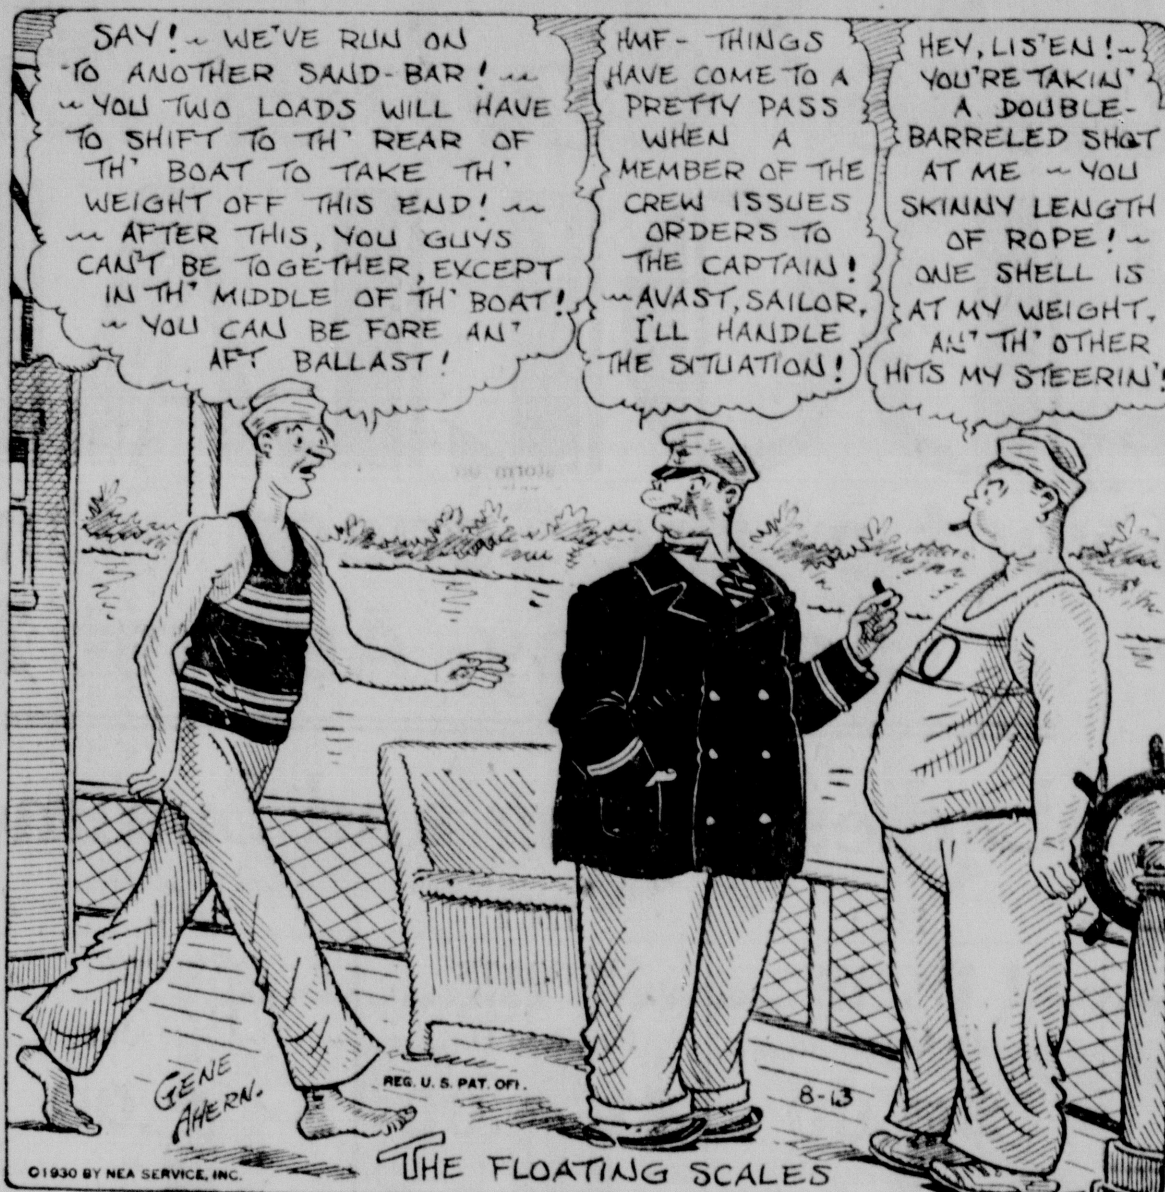

I. J. Kendall and a force of men moved a building from Wauwong to the farm on which he lives, one half mile south of Gap Grove last Saturday.

George Near and family of Gap Grove motored to Wisconsin last Saturday to spend the week end.

Kester Smith in company with some friends ate dinner in Wauwong and attended the ball game Sunday afternoon.

Sunday, Aug. 10, 1930, at the home of Mr. and Mrs. Sam Rhodes occurred the Fulton-Kendall reunion.

OUR BOARDING HOUSE

Several families were not present. Relatives to the number of 40 were assembled, including Mr. and Mrs. Rhodes and family. A real picnic dinner was served at noon to which all did justice even to the ice cream and cake. At 2:30 chair were arranged in the three spacious rooms of the Rhodes home and the members all assembled to listen to a short but interesting program, after which a social hour was spent. After an-

other serving of ice cream and cake the crowd departed for their homes thanking Mr. and Mrs. Rhodes for their hospitality. Those present were Mr. and Mrs. Glenn Kendall, son Nevin and daughters Arliss and Lois of Ashton; Mr. and Mrs. Cloyd Kendall, sons Murrell, Melvin and Roy and daughter Grace.

Jean, Darlene and Roberta Maw of Sterling; Mr. and Mrs. Paul Smith and daughters Helen, Wanda, Eu-

nice and Paula of Chadwick; Mr. and Mrs. I. J. Kendall and son Howard of Palmyra; Mr. and Mrs. Ira Leggett, son Eugene and daughters Lois and Patricia and Mrs. Leggett's mother, Mrs. Molly Frost and Mrs. Ralph Le Fever, all of Dixon and one guest, Mrs. Geiss of Ashton. The following numbers composed the program:

Exercise—Helen and Wanda Smith

BY AHERN

Poem—"Our Reunion"—Lois Kendall.
Piano solo—"Twinkling Stars"—Lorraine Rhodes.
Comedians—Arliss Kendall.
Reading—"An Old Sweetheart of mine"—Mrs. Sam Rhodes.
Reading—"I Think I'll Be A Carpenter"—Roy Kendall.
Piano solo—"Our Banner"—Grace Kendall.
Reminiscences—Mrs. N. B. Ridgeway.
Saxophone solo—Nevin Kendall.
Trio—Lorraine Rhodes, Grace and Jean Kendall.
Monologue—"A new Lease On Life"—Mrs. I. J. Kendall.
Song—"Blest Be The Tie That Binds."

Each number received hearty applause. Mrs. Ridgeway's number was made interesting to the children by the stories told of her childhood and illustrating them by having the object and depicting. An old purse made by her Grandma Fulton, several old fashioned name cards, a scrap book containing cards and other pictures she had cut out and pasted in the book. The reading of Mrs. Ridgeway's paper brought back memories of our childhood homes to all the older ones.

Brief Summary of Last Night's News

By the Associated Press

DOMESTIC
St. Louis—Jackson and O'Brien near 554-hour endurance mark.
Del Monte, Calif.—Jack Pickford weds Mary Mulhern.
Washington—Mediterranean fruit quarantine is modified.

Tokyo—Seventy-nine believed lost as two Chinese ships collide.
Buenos Aires—Brother of Suarez kills brother-in-law as boxer wins in New York bout.
Ahmadabad, India—Seventy-nine arrested in new anti-salt tax outbreak.

ILLINOIS
Springfield—A corn crop condition of 62 per cent on August 1st was the lowest for Illinois since 1909 when it

was 51 per cent, the joint report of the U. S. and Illinois Departments of Agriculture announced. St. Paul grain prospects are "average or better."

Galesburg—The Sixth Illinois Volunteer Infantry, Spanish-American War Veterans, chose Freeport for their 1931 meeting place and elected Lester Lawrence, Galesburg, president. Kate Lee Phelps, Orion, was named Auxiliary president.

Chicago—Al Capone is unknown in Porto Rico and there has been but one unsolved murder there in five years, James R. Beverley, Attorney General of the island, told the uniform laws conference.

Springfield—The state of Illinois will pay a delivery price ranging from \$1.60 per ton on screenings to \$3.94 per ton for coal, bids on 289,000 tons to be furnished state institutions by 23 firms, revealed.

Albion, Mich.—A cablegram announced the death in Paris of the Rev. William P. Pearce, 63, First Baptist church pastor. He was formerly pastor at Cairo, Ill.

Evanston—A fine of \$5 was levied on Jacob Rosenbaum for indecent exposure. He was caught by an officer removing his shoes and socks in his automobile, preparatory to a dip in Lake Michigan.

Waukegan—"Illinois Day" at Kankakee Interstate fair drew the biggest crowd of the season, including Mrs. Ruth Hanna McCormick, Republican senatorial candidate.

Sterling—The slugging and robbing of a Clinton, Ia., truckman resulted in calling out all available policemen in hopes of capturing the bandits who shot and killed Patrolman Robert Card here.

Chicago—Anton J. Cermak, Cook county Democratic chairman, denounced the petition for a referendum filed by Cook county Republicans in Springfield as a "mere gesture" and promised the campaign in the fall "will rip wet masks from dry faces."

Thrill Holdup Got Girls In Trouble

Detroit, Aug. 13—(UP)—The thrill holdup of a motorist with a nickel-plated toy pistol was charged against two 16-year-old girls.

The girls are Dolores Kowalski and Alfreda Lepak, both 16. They are held at the Juvenile Detention home.

Steve Schultz, 28, a chauffeur, had identified the girls as the pair that had hauled him for a ride and tried to hold him up.

Schultz said he persuaded the girls he was without funds.

Kewanee Bank Clerk

Short: No Legal Act

Kewanee, Ill., Aug. 13—(UP)—Discovery of a \$4000 shortage in the accounts of Harry McDonald, paying teller of the Union State Bank, led to his dismissal. The shortage was discovered while he was on a vacation. Authorities quoting him as saying he spent the money gambling. Bank officials would not prosecute McDonald.

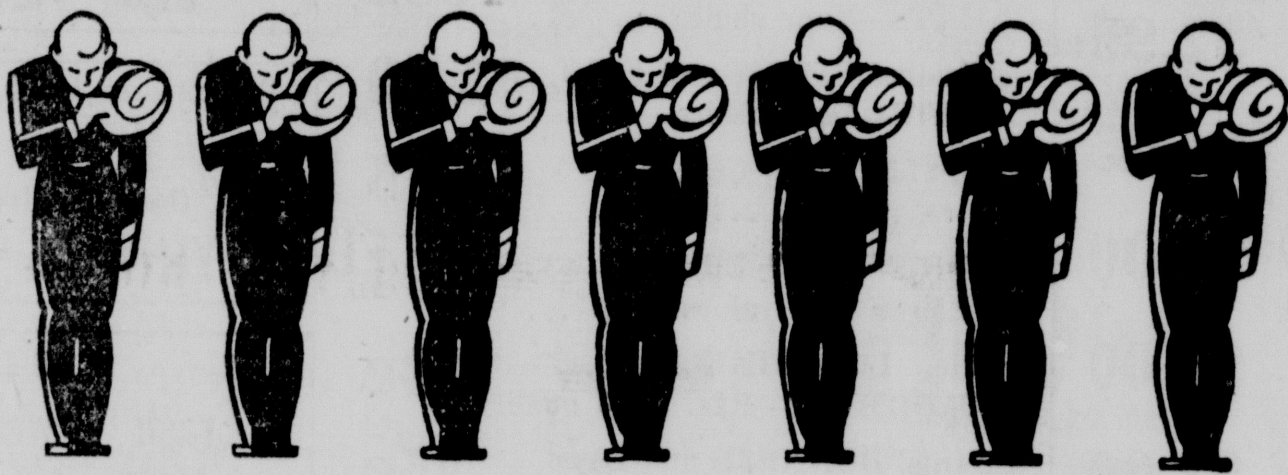

Ayres Creme is made of the best highest grade ingredients obtainable. 6740 Sheridan Road, Chicago.

A cylinder reground here and fitted with our pistons and rings rarely scores, for the bore is true and square with the base and the pistons work freely without any "cramping" action. We make the scored or worn block better than ever, at a fraction of the cost of a new cylinder block.

DAMAGE TO CORN CROP IN STATE VARIES GREATLY

Reports To Department Of
Agriculture Basis
Of Estimates

Springfield, Ill., Aug. 12 —(UP)—Damage to Illinois' corn crop as a result of the hot weather and continued drought ranges from 20 per cent in some sections to as high as 90 per cent in others, a survey of crop conditions throughout the state has revealed. The survey was conducted by Stuart E. Pierson, Director of the State Department of Agriculture.

The monetary loss is expected to be greater in the central than in any other portion of the state, while the percentage of crop reduction will be greatest in southern Illinois, the survey revealed. Losses in the central section where corn is the principal crop will range from a minimum of 20 per cent to a maximum of 75 per cent, while in the southern section the losses are reported to range from 50 to 90 per cent.

Reports had been received from 85 of the state's 102 counties today. The survey is being made at Governor L. L. Emmerson's request and results of it will be presented at the drought conference that President Hoover has called for Thursday at Washington.

75 Per Cent Reduction
Macoupin and Clark counties reported a 75 per cent reduction in the corn crop. Other counties in the central section estimated damage at 50 per cent and higher. They were Sangamon, Brown, Knox, Schuyler, Christian, Greene, Pike, Scott, Cumberland, Logan, Marshall, Putnam, Mason, Menard, Peoria, Stark, and Woodford.

A 90 per cent reduction was reported by Marion, Williamson, Edwards, Pope, Hardin, Washington and White counties in the southern portion of the state. Other counties in that section reported reductions ranging from 65 to 85 per cent.

Corn damage in the northern nineteen counties ranges from nothing to 50 per cent.

Reports covering damages done to the hay crop range similar to the corn damage throughout the state.

Pastures Total Loss

Eighteen southern Illinois counties reported their pasture lands were a total loss. Six others estimated the damage at from 80 to 90 per cent. The central section's hay crop was also hard hit, the reports revealed while the northern portion reports that the feed available will enable farmers to go through the season.

Many farmers in the southern portion of the state have been forced to sell their livestock because of lack of feed ranges. Edwards county reported sales of 75 per cent of the total livestock in the county. Other ranged downward to 5 per cent.

Fulton county in central Illinois farmers were forced to sell half of their livestock while other counties reported some sales. In the northern section no livestock has been sold for want of feed, the reports showed.

Bank Reports Vary

The ability of local banks to finance farmers who must purchase feed and forage for their stock or to replace the crops destroyed by the drought, varies. Some sections report that banks will be able to care for all of the needs while others estimate the banking houses will be able to care for only a small portion of the needs.

In the northern territory, seven counties report that local banks can care for all loans. Three others place the proportion of the financing necessary at 90, 75 and 60 per cent.

In the central section seven counties report that the entire task of financing stock feed purchases can be borne by local banks. Five others estimate that local banks can care for from 97 per cent down to 50 per cent of the financial burden. One county states that the local banks can carry only one fourth of the financial load, and the credit is poor.

Only two counties in the southern section consider local banks capable of taking care of the farmers' requirements. One states others 90 per cent the portion of the financial needs can be met locally, and others place the portion of the burden that can be carried by home banks as low as 20 per cent.

COMPTON NEWS

Compton—C. L. Holdren returned home early this week from Sioux Rapids, Iowa, and wishes to thank the many friends that helped in any way to save his dwelling at his farm from the fire which completely destroyed his barn and corn crib a week ago Saturday evening. Mr. Holdren has started rebuilding at his farm.

Mrs. L. D. Miller, accompanied by Miss Lucille Cook left from Rochelle on the Union Pacific bus line, last week for Rutland, Vermont, where they will visit with Mrs. Miller's brother, Dr. B. F. Cook.

W. H. Carnahan has returned home after attending the last rites of a relative at Creston, Iowa.

Mr. and Mrs. Clarence Conquest are leaving this week for Minnesota where they will spend a few weeks on an outing trip.

Mrs. Robert Swope spent Sunday with Mr. and Mrs. Charles Holdren at Aurora.

Mrs. Ellen Hyde will visit for a few days with Mr. and Mrs. W. L. Petteys and daughter at Rollo.

Miss Amanda Florschuetz will leave this week for Toledo, Ohio, as a delegate for Wartburg League convention in that city. She will represent the Brooklyn Township Lutheran League while there. Miss Florschuetz has just recently returned from Iowa City, Iowa, where she completed her first section of summer school there.

John Adrian of Hinckley was in town calling on his old acquaintances Monday and informed us that his daughter, Miss Ethel Adrian, is quite ill at the Waterman hospital.

Ed Whittell is able to be up and around, after his narrow escape from death a few weeks ago, when the tractor which he was refueling for harvesting exploded.

Mayor H. M. Chaon was called to Dixon Monday for jury service.

Donald Carnahan and Wayne Archer will enjoy the next week camping near Montello, Wisconsin.

W. A. Richardson was surprised on Wednesday evening when four families came with well filled baskets to help him celebrate his thirty-fourth birthday with his wife and two children. Mr. Richardson was congratulated, and presented with useful presents. Those present were Mr. and Mrs. George Schnucke and daughter Della, Mr. and Mrs. Charles Schnucke Sr., Mr. and Mrs. Charles Schnucke Jr., and Mr. and Mrs. William Schnucke, all of West Brooklyn.

Mr. and Mrs. W. A. Richardson and children and Mr. and Mrs. George Schnucke of West Brooklyn visited over Sunday with Mr. and Mrs. Howard Kissack at Pocatonia.

Mr. and Mrs. W. N. Hills and their daughter, Mrs. Robert Campbell and husband have returned home after a brief vacation of four days in Michigan. They spent the time on Lake Klinger, which is out of Sturgis, on the road to White Pigeon. They rented a seven-room cottage with modern conveniences. Mr. Hills liked the place very much as it was improved, clean, with a golf course, near the lake, and a beach, and boating could be enjoyed.

Mr. and Mrs. Fred Ransom and two children of Montello, Wis., spent the week-end here with Mr. and Mrs. Roy Cook. Mr. Ransom was just finishing up his annual vacation from his duties as cashier of the Montello State Bank. Mr. and Mrs. H. F. Cook had as their guests for Saturday evening Mr. and Mrs. Fred Ransom.

Clarence Litts of Kansas City, Kansas, called on friends here last week.

BULL SNAKE IN BOX
Loveland, Colo.—(UP)—A huge bull snake coiled in the woodbox of her home gave Mrs. Luther Crawford a great scare. Her screams brought aid and the snake was killed.

SPORTS

SPORT BRIEFS

By UNITED PRESS
New York.—Jeff Dickson, London promoter, and Pa Stribling, father and manager of W. L. (Young) Stribling, who recently knocked out Phil Scot, arrived in New York last night on the liner Paris.
Dickson, who is planning a Berlin bout between Max Schmeling and Stribling, was met at the boat by Joe Jacobs, Schmeling's manager, and informed that the promoter would have to post \$500,000 to insure the fight.

Chicago.—(U.P.)—Sir Thomas Lipton, noted British sportsman, will be invited to attend the British Empire-United States track and field games at Soldier Field, Aug. 27, the A. A. U. committee sponsoring the meet announced today.
Sir Thomas is not enroute to this country for the international yacht races between his Shamrock V. and the American defender, and it is believed he will accept the invitation to see his countrymen compete.

Chicago.—Five invaders—Al Andreggen and Eddie Hart of Cedar Lake, Ind.; Lloyd Mead, Portland, Ore.; J. P. Freyer, Ann Arbor, Mich.; and Barney Lucas, Los Angeles—were included in the 32 survivors who started match play today in the first round of Chicago's oldest golfing event, the city amateur championship.

Andreggen captured medalist honors in the 36 hole qualifying round, turning in a 70 yesterday to match Monday score for a total of 140, two over par.

George W. Thomas, Jr., of Olympia Fields, the defending champion, Barney Lucas, Los Angeles, and R. A. Bowker, Kinsman, tied for second place with 141.

Springfield, Ill.—Earl Sande, one of the country's foremost jockeys, who is scheduled to ride in the Derby Day program at the State Fair, is expected to make an airplane trip to Springfield from Saratoga Springs, N. Y., in order to compete in the event.

Sande has been riding daily at the Saratoga track, where he has been adding to his long list of victories. No announcement has been made as yet as to the horse he will ride, but it is probable that he will pilot Revellie Boy, one of the year's outstanding thoroughbreds. Eddie Steffin, top rider for the John Hertz stables, will be another of the country's leading jockeys who will appear in the Derby Day events. He will be up on one of the fast runners entered from Chicago.

Nurses when you need Record Sheets we have them. 25c a pad. B. P. Shaw Printing Co.

Baseball Gossip

By HUGH S. FULLERTON, Jr.
Associated Press Sports Writer
Almost obscured in the struggles of the mighty around the top positions in the major league standings, the Detroit Tigers have been putting on a sport that has carried them almost to the first division of the American League. The Tigers are only one and a half games behind the fourth place Cleveland Indians today, despite their inability to cope with Babe Ruth in their opening clash with the New York Yankees yesterday.

While the Tigers were losing one game, the Philadelphia Athletics to make the fourth-place struggle more interesting. The Tiger record for the past month has been of first-division calibre, 18 victories and 12 defeats for an average of .600. In the same period, only the rampant Athletics and the Yankees have done better than that.

The Yankees stopped the Detroit climb for a while yesterday by a 6 to 5 decision in a close battle. The victory was not of much use to the Yanks except to hold them in their position behind Philadelphia and Washington without a serious loss. The Athletics twice trounced the Cleveland Indians by scores of 9 to 1 and 7 to 0. Washington held second place a game ahead of the Yanks by scoring four runs off Ted Lyons in the third inning to take a speedy game from the Chicago White Sox, 5 to 4. The contest lasted only an hour and 22 minutes.

The opening of the "crucial" Nat-

ional League series between the Chicago Cubs and Brooklyn Robins fulfilled all advance notices in thrills. A pitching duel between Fred Blake and Dazzy Vance, highly productive of hits but not of runs, lasted eleven innings before Chicago gained a 3 to 2 victory and increased its lead to a full game. Two first inning errors by Jake Flowers gave the Cubs two runs and forced Brooklyn into an unsuccessful uphill battle in its effort to regain the lead. It was not until the eleventh that the Cubs were able to bunch enough hits off Vance to score the odd run.

With New York and Cincinnati idle the Pittsburgh Pirates registered the big gain in the lower part of the National League standing and the St. Louis Cardinals made a lesser one. The Pirates downed the Phillies in a double header 8 to 7, and 8 to 3.

St. Louis, although out-hit, 10-8 made good use of its blows to defeat the Boston Braves, 4 to 2. It was the fifth straight victory for the Cards and the fifth defeat for the Braves. Another Boston-St. Louis clash went the other way as the Red Sox gained a 3 to 4 decision over the Browns on the strength of Bob Reeves' single with two out in the ninth.

Cubs Smile, Think They're "In" Now

Chicago, Aug. 13.—(AP)—Broad smiles wreathed the faces of Manager Joe McCarthy and his bristling Cubs today as they faced the staggered Brooklyn Robins in the second battle of the four-game series for the whip seat in the National League pennant drive.

To a man, they believed they were "in." They believed they had topped the Robins from first place for good this year.

"Well, I think we've started at last," Marce Joe said with an infectious chuckle. "We've thrashed the Robins right out of first place and supplanted them ourselves, our pitching has returned to its effectiveness of 1929 and we have a long home stay ahead to fortify ourselves for the final swing around the circuit next month. Our big chance to sew up the pennant is here."

Another reason for McCarthy's optimism can be seen daily now swinging his bat in batting practice. It is Rogers Hornsby. The Rajah is improved and all but ready to take his turn at second and at the plate at least as a pinch hitter. His frac-

Glenn Spencer, Pirates—Held Phillies to five hits.
Bob Reeves, Red Sox—Beat St. Louis 5-4 by single with bases full in ninth inning.

Paddy Harmon Died Penniless, Learned

By CHARLIE W. DUNKLEY
Associated Press Sports Writer
Chicago, Aug. 12.—(AP)—Paddy Harmon, the dreamer, whose dream of a \$7,000,000 sports palace came true—died as he started life—virtually penniless.

This was revealed today when plans were set in motion to stage a benefit boxing show in the Chicago Stadium, the building Paddy built, next month with the receipts going to his widow and four-year-old daughter.

When Harmon's car skidded off the road two weeks ago and killed him, he had exactly \$2.50 in cash to his

name. That was found in his pockets. He had no life insurance, no other bank account, nothing left of his fortune except the money he sunk in building the Chicago Stadium, largest indoor sports arena in America. When he was ousted from the presidency of the Stadium he still retained

a great amount of stock, but this may or may not be available for several years to come.
Friends of the dead promoter said today his most difficult task was managing his money. He allowed it to slip through his fingers making loans to needy friends, much after

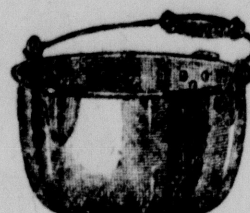

the fashion of the late Tex Rickard who allowed his fortune to slip away.
Sidney Strotz, the present head of the Chicago Stadium Corporation, said Harmon only a few months ago had between \$70,000 and \$80,000 cash in the bank, but that it had disap-

peared, with no accounting left to show how it was spent.
Instead of using a propeller, a California inventor plans to drive an airplane with a revolving cylinder having blades both inside and out.

COUNTY FAIR AT AMBOY TO OPEN ON WEDNESDAY

Unusual Features For the Annual Lee County Pumpkin Show

Amboy, Ill., Aug. 13.—The gates for the twenty-first annual Lee county fair will open here next Wednesday with a four day program on hand crammed full of races, feature entertainment attractions, and a gigantic array of exhibits. Money totalling \$12,500 is being offered in premiums and purses, a thrilling speed program has been arranged for with breath-taking auto races to wind up the program on the final day, and a dazzling revue will be the super-attraction each night.

The program of horse races has already been announced. The Lee county fair grounds track has always been known as one of the fastest half mile tracks in the state and this year track officials have prepared it for the fastest of speedy races. Races will start each day at 1 o'clock. The following is the schedule of races for each day:

Wednesday, Aug. 20
2:24 Trot—Purse \$250 and added money.
2:20 Pace—Purse \$250 and added money.
Thursday, Aug. 21
2:14 Trot—Purse \$250 and added money.
2:12 Pace—Purse \$250 and added money.
Friday, Aug. 22
2:20 Trot—Purse \$250 and added money.
2:24 Pace—Purse \$250 and added money.

There will be six running races, two of these being run off each day. They are as follows:

(1) One-half mile dashes—Purses \$50 each.
(2) Three-quarter mile runs—\$75 each.
(3) Mile runs—Purses \$100 each. Harry Harrington of Sterling will be the starter for this year's turf program. Auto racing will take the place of the horse races on Saturday, the final day. The success of the auto races last year which were held on the local track for the first time has prompted fair officials to repeat the motor events again this year. There will be a parade at 1 o'clock of all the cars which will compete in the afternoon program. They will get their machines warmed up after circling the track twice and at 1:15 the cars will be brought to a standstill, lined up in front of the grandstand and then given their time trials.

The fastest 16 cars will appear in the preliminary events and out of these, the fastest 10 cars will compete in the main race. At 2:30 o'clock, there will be five preliminary events of this main race. The two speediest cars of each of these will compete in the final race.

Many of the leading midwest auto race stars are expected to be here. Entry blanks have been sent to such racers as Gus Schrader, Iowa dirt track champion; Johnny Gerber, Kansas champion; Charles "Dutch" Bauman, the champion of Indiana; Bryan Sandpiper, the Illinois champion; Maynard Clark, Walter Trevelyan, Cecil Burnaugh, Fay Gardner, Vernon McCombs, Karl Young, Art Flaherty, Bob Sorenson, and a number of others. Young holds the Lee county championship, having won this honor here last year.

A super night program has been arranged for in the appearance here of the Folies of 1930 each night at 7:30. It will be the greatest stage attraction brought by any county fair in the northern part of the state, and is one of the outstanding revue attractions of the amusement world. Revenues have but recently become outstanding features at fairs and only through the most careful management is it possible to bring such a top-notch show to fair visitors here, the first revue ever to be staged at the Lee County fair grounds.

Variety is found in abundance in this show. The Folies of 1930 is an organization of talent embracing comedians, vocalists, and ballet girls, designed along revue lines, especially for outdoor presentation. Bredfield's Beau Brumels, 10 piece orchestra, will furnish the music for the revue.

A number of free attractions have been booked by the fair association. The most spectacular of these will be the somersaulting auto act. This act was exhibited at the Illinois State Fair at Springfield last year but this is positively the first appearance of this thrilling feat in northern Illinois. On the last day of the fair, a lady will be the driver of the car, performing the dare-devil stunt of turning the car over forward in mid-air.

Pagan's Unique Orchestra from LaSalle, just back from an Italian tour, will be heard on the grounds. Pagan is a talented accordion player and a master of many other musical instruments.

The Terrace Girls, three charming and clever young ladies, will entertain with their intensely interesting and unusual feats of contortion and acrobatics. They are outstanding personalities among lady gymnasts. "America's Premiere horizontal bar artists," the Smilletta Brothers, will be another one of the acts in front of the grandstands. These brothers, two finely built young huskies perform on the parallel bars in a surprisingly graceful manner, going through many feats that require skill and accuracy.

Dance lovers in this part of the state will be given a rare treat when they swing into the melodious rhythm of Bredfield's Beau Brumels, a ten piece dance band that has been secured to play each night for dancing at the fair grounds. This orchestra comes direct from engagements at the Drake Hotel and Northwestern University.

Harry Driebelbiss of Warren is bringing his rides to the fair for the pleasure of fair goers.

Premium money amounting to \$7500 is being offered for the various stock, grain, vegetable, fruit, needlework, cooking and educational exhibits, besides many special prizes.

The Amboy Milk Products Co. is offering \$50 in prize money to the first three cows producing the most butter fat during the four days of the fair.

Fifty dollars is also being given by the Gro-Bone Products Co. of Dixon for calves and pigs raised on their Mor-Milk Food Compound.

Premiums in three special figurative classes are being offered for Poland-China, Duroc, and Hampshire hogs, these being given by various breeders and record associations.

The exhibits of the boys' and girls' 4-H clubs will have a large place in the displays this year. This makes the first year that the girls' club has had an exhibit at the fair so it is natural that this will draw special interest from visitors. The Dixon Implement Co. will give the best club boy in the county, one limestone

CAFETERIAS IN STATE HOSPITAL WILL BE URGED

State Supt. Charities Makes Recommendation To Brandon

Springfield, Ill. (UP)—Illinois celebrities will be guests of Governor L. Emmerson at the State Fair which opens here Saturday and continues to August 23, according to an announcement issued at the State House. They embrace the Who's Who in almost every profession ranging from merchants to the military.

The celebrities will attend the fair at the expense of Emmerson who has set the fashion of having state officials buy their way into the fair grounds instead of the usual custom of "dead heading" it, by purchasing \$300 worth of tickets.

Among those favored by the executive invitations are the following: Commander Charles W. Schick, General Abel Davis, Brig. Gen. John V. Clinch, Gen. Frank Parker, Rear Admiral Walter Crossley, Chicago; Col. Richings J. Shand, Springfield, Comm. William R. McCauley, Olney, Col. George R. Seaman, Taylorville, Comm. O. L. Bodenhamer, Indianapolis, Ind., Col. Burnett M.

Chipperfield, Canton, Comm. George Emmerson, Great Lakes Training Station, Comm. Scott W. Lucas, Havana, Col. Howard P. Savage, Chicago.

Gen. Milton J. Foreman, Mrs. Florence B. Kellogg, Mrs. Mary E. Mace, Comm. David L. Shillinghaw, Chicago, Comm. Albert M. Carter, Murphysboro, Gen. Casper H. Conrad, Jr., Fort Sheridan, Brig. Gen. C. E. Black and Attorney General Oscar E. Carlstrom, Springfield.

A veteran at the harness race starting game—Col. A. H. Pendleton, of Chicago—will start the Illinois State Fair racing programs. His selection as starter was announced today by Walter O. Ireland, of Peoria, superintendent of racing. Fred W. Sady, of Pekin, has been retained as the presiding judge. Joseph A. Grund of Freeport and H. T. Ireland of Washburn will serve as associate judges.

News flashes of important events happening during the state fair will be broadcast through station WLS.

Yellowstone National Park is the home of 700 moose.

MEMPHIS NEWS VENDOR TURNS DOWN CHARITY

Aged Eccentric Woman Pays Rent, Eats If There's Any Left

Memphis, Tenn. —(UP)—A wiry little Memphis woman, bent by the worry of 62 years, would rather exist, independently—even in sickness—selling newspapers, than accept the aid of charitable organizations.

Blanche Boothe, a virtual recluse, sits on her little wooden box on a main street here, stretching out a lean hand to accept pennies in exchange for a newspaper.

She looks hungry and tired, visibly living an unequal life.

But she spurns the help of charitable institutions.

"Why they'd kill you in them 'uplifters' hospitals," she lamented. "I'd rather go to the penitentiary any day."

"Them uplifters don't mean anything to me," she said, "even though they do try to help me. I guess I'll have to move on when they bother me."

"I don't make much money, but I'll get along somehow," she explained. "I pay my room rent, then if there's any money left, I eat."

The aged woman relates a tale of having lived 21 days on water.

As Lindy Spoke to Nation

The next few years will bring trans-oceanic air routes uniting continental services into a network covering the entire world. And almost the entire world was to have listened in when, as pictured above, Colonel Charles A. Lindbergh stepped before a microphone in New York and spoke over the greatest radio hook-up ever arranged for a private citizen. Atlantic storms, however, prevented Europe from hearing the broadcast of the famed airman's address on aviation topics.

operation is doing nicely at this time. Mrs. George Healey is staying in Dixon with Mr. Healey for a few days.

William McCoy was a caller in Harmon Tuesday evening.

Mrs. Catherine Kean spent a couple of days in Dixon last week. Miss Mary Hale motored to Dixon and got Mrs. Kean Tuesday.

Mrs. John Blackburn spent Wednesday at the home of Mr. and Mrs. P. H. Dumphrey here.

Mr. and Mrs. John Blackburn were Dixon callers Monday. They went to see Mrs. Cecil Kellin.

Mae and Lina Clark of Sublette spent Saturday afternoon at the Ed Reeser home.

There will be a big celebration in Walton at the church starting at 1:30. There will be a very interesting ball game in the afternoon. A very appetizing chicken supper at 6 o'clock and a dance in the evening and a number of other amusements.

Everyone invited.

William McCoy motored to Chicago Monday morning on business.

Mrs. Grace Long of Harmon visited at the E. C. Morrissey home Wednesday.

Mr. and Mrs. Robert White of Chicago and Mr. and Mrs. John Friel of Chicago motored here to attend the funeral of James Morrissey. They returned to Chicago Thursday.

Several from here enjoyed a motor

trip to the Frank Bridgman home near Woosung.

Miss Ella Morrissey was unable to get off her nursing case to attend the funeral of James Morrissey Thursday.

James Morrissey, a well known farmer in this vicinity passed away at his home about four miles south west of here Thursday morning about 6:30. Mr. Morrissey had not been feeling good for quite a period of time. He became over heated Monday while he was helping thrash. He was removed to his home near Harmon Tuesday morning where Mrs. Jones took care of the remains.

The funeral services was conducted at the church in Harmon Thursday. The remains were laid to rest at the Holy Cross cemetery in Harmon. He leaves to mourn his passing three brothers, P. H. Morrissey of Amboy, J. J. Morrissey and Tom Morrissey of Walton of Walton. He also leaves one son, Clarence Morrissey of Walton, two daughters, Mrs. Frances Bartel of Dixon and Mrs. Emmet Rutt, and a host of other relatives and friends who mourn his passing.

GET NEW APPARATUS

Deadwood, S. D. —(UP)— Because of their valor in fighting the Home Stake mine fire in which two miners were killed, the Deadwood fire department is to have a new engine.

The mining company presented the department with a check for \$2,000 which will be used in buying additional fire fighting equipment.

OAKLAND-PONTIAC PRICES REDUCED up to \$170

We have just been advised by the Oakland Motor Car Company that, effective August 11th, prices on all current model Pontiac Big Sixes and Oakland Eights have been reduced... with reductions up to \$170.

Pontiac Big Six—now \$665 and up

A big car at small car price

Oakland Eight—now \$895 and up

America's lowest-priced Eight

These reductions are made because in the winter the factory will present two new cars which, while changed enough to classify as new models, will remain practically unchanged in appearance, size and design.

The two new cars will have the same type engines used in the cars now offered.

These new prices give you an opportunity to own a big car at small car cost and at a great saving.

Don't miss this opportunity. At their new low prices these cars are the greatest "buys" in the automobile field today.

All prices f. o. b. Pontiac, Michigan

SOCIETY NEWS

CONTRARY MARY

YOU ask why Mary was called contrary? Well, this is why, my dear: She planted the most outlandish things in her garden every year. She was always sowing the queerest seed. And when advised to stop, Her answer was merely, "No, indeed—just wait till you see the crop!"

And here are some of the crops, my child.

(Although not nearly all). Bananaricissus and cucumbers. And violet small; Potatoes, melons, rare, And rhubarbs round, With porcupineapples prickly-rough On a little bush close to the ground.

She gathered the stuff in mid-July And sent it away to sell— And now you'll see how she earned her name.

And how she earned it well. Were the crops hauled off in a farmer's cart? No, not by any means. But in little June-buggies and automobiles.

And dragonfly machines! —Nancy Byrd Turner, in "Zodiac Town."

Summer Salad Has First Place on Menu

Fall, winter, springtime and summer are all salad times, but in the summer season the garden yields fruits and vegetables which make this vitamin dish a real delight. Salads are a delicious way of assuring the "two fruits and two vegetables" which nutrition scientists decree should be in each day's diet. However, salads were enjoyed long before the advent of modern science. Wise King Solomon used "fresh scented herbs wilted in oils and acids."

The salad route to beauty is recommended by beauty specialists the world over. Fruits and vegetables besides contributing minerals and vitamins to the diet act as an internal cleansing agent which shows its effect on the body thru sparkling eyes, clear skin, glossy hair and increased vim.

"When cheese—Swiss, Roquefort, American and other members of the large cheese family—and whipped cream are added to fruit or vegetable combination salads, a more substantial dish is the result," Miss Catherine Haney of the National Dairy Council. Such salads can form the main dish for a light summer luncheon or supper.

Wilted Lettuce
3 hard cooked eggs
1 large head lettuce
1-2 tsp. salt
1 tsp. sugar
5 slices bacon
2 tbsp. vinegar
Cook eggs about 15 minutes in boiling water. Wash lettuce, drain and chop. Add salt and sugar. Broil bacon until crisp and brown. Cut into small pieces, using a knife and fork. Add the vinegar, then the lettuce. Turn flame low. With a fork keep the lettuce in motion, so that it will wilt evenly. Add eggs cut in slices. Serve at once. This makes 4 servings.

Cucumber-Radish Fan Salad
1 long cucumber
6 round, red radishes
Lettuce leaf or watercress
Mayonnaise or cooked or French dressing
Peel cucumber and cut crosswise into two inch sections. Cut sections into 1-8 inch slices, but do not cut entirely through cucumber so that slices may hold together securely. Cut radishes in thin slices. Insert radish in between slices of the cucumber so that the cucumber may spread in a fan shape. Place one section on a crisp lettuce leaf and serve with salad dressing. Tomatoes may be used in place of radishes. This makes five servings.

Vegetarian Salad
1 large head lettuce
2 large chilled tomatoes
6 small carrots
6 flowerets of cauliflower
On a club of lettuce place on thick slice of tomato. Around the edge of the tomato arrange a row of carrot slices. In the center place a cooked floweret of cauliflower. This makes 6 servings.

Caprice Salad
Lettuce
3 slices pineapple
1 package cream cheese (3 oz.)
1 tsp. currant or other jelly
3 halves pears
1 large orange
On a lettuce leaf place a slice of pineapple. In the center of the pineapple make a nest of the cream cheese, which has been creased until soft. Place some of the red jelly in the nest and on top of the pineapple place two slices of pear and two sections of orange. Serve with French dressing at the table. This makes five servings.

Pineapple Cheese Salad
3-4 cup of cream cheese
1-4 cup of chopped nuts
1 tsp. milk
1 tsp. pineapple juice
1 tsp. sugar
6 slices pineapple
Green or red peppers
Lettuce leaves
3-4 cup cooked salad dressing
Combine cheese, nuts, milk, pineapple juice and sugar and mix well. Cut pineapple slices in halves crosswise. Spread cheese mixtures on a half slice and press another half on top as in making sandwiches. Cut diamonds and triangles from peppers and press into edge of cheese mixture between pineapple. Serve on crisp lettuce with salad dressing. Six servings.

Peach Salad
1 cup white cherries
1-2 cup almonds
12 large halves peaches

Crisp lettuce leaves
12 ripe olives
1 cup creamy salad dressing
Carefully remove pits from cherries and replace with nuts. Put 3 or 4 stuffed cherries into the hollow of each peach half. Allow crisp lettuce leaves. Garnish with two ripe olives and serve with salad dressing. 6 servings.

Calcium is the most important of the minerals which are necessary for good health. The two best calcium foods are milk and leafy vegetables.

Have You Heard?

You can make a handy kitchen set rack by using a left-over piece of wood moulding and some brass screws from the corner store.

Nail the wood strip securely to the wall, at the right height, and just as near your kitchen work table as you would find most convenient. Paint it to match the walls or to contrast, as you wish. On it you can hang your long-handled spoon, batter cake turner, mixing spoons and long fork if you wish.

TO VISIT NEWPORT BEFORE RETURNING WEST—
Mrs. Clinton Powell and Miss Mary Anne Zion of Medesto, Cal., who have been guests of Mr. George Hawley in Dixon this summer and who have been enjoying visits with numerous former friends and neighbors, are leaving Thursday morning by the way of Chicago for Newport, where they will visit, before returning to their home in the Sunshine State of the West.

Nurses will find Record Sheets at the B. F. Shaw Printing Co.

MENU for the FAMILY

By Mrs. Alexander George
Stuffed Tomatoes, Portland
Breakfast

Grapes, Chilled
Wheat Cereal and Cream
Buttered Toast and Coffee
Luncheon:

Creamed Eggs and Pimientos
Bread Apple Sauce
Nut Chocolate Bars Tea
Dinner:

Stuffed Tomatoes, Portland
Ham Relish Sauce
Baked Potatoes
Bread Plum Jelly
Head lettuce and Russian Dressing
Watermelon
Coffee

Stuffed Tomatoes, Portland

6 large tomatoes
1 cup cooked rice
4 tablespoons chopped green peppers

2-3 cup cheese cut fine
1 cup soft bread crumbs
1 egg or 2 egg yolks
1/2 teaspoon salt
1/2 teaspoon pepper

1 tablespoon chopped onions
4 tablespoons butter, melted
1/2 cup milk

Wash tomatoes, scoop out part of insides. Mix rest of ingredients. Stuff tomatoes. Set upright in buttered baking pan. Add 1/2 inch of water and bake 35 minutes in moderately slow oven. Carefully remove to serving platter.

Ham Relish Sauce

(Using leftovers)
3 tablespoons butter
4 tablespoons flour
2 cups milk
2-3 cup chopped cooked, ham

2 tablespoons chopped green peppers
1/2 teaspoon paprika
1/2 teaspoon salt
Melt the butter and add the flour. Mix well and add milk and cook until a creamy sauce forms. Add rest of ingredients. Pour around the tomatoes.

Nut Chocolate Bars

1-3 cup butter
1 cup light brown sugar
2 eggs
1 teaspoon vanilla
1/2 teaspoon salt

2 squares chocolate, melted
4 tablespoons milk
1 cup flour
1/2 teaspoon baking powder

2-3 cup broken nuts
Cream butter until soft. Add sugar and mix until very creamy. Add rest of ingredients and beat 2 minutes. Spread over waxed paper which has been placed in a shallow pan. Bake 20 minutes in moderately slow oven. While warm cut in bars and roll in confectioner's sugar.

Jellies should be cooled rapidly to assure bright color and to retain natural fruit flavors.

Annual Reunion of Larson Family Sunday

The Larson family held their annual Sunday at Lowell park, Aug. 10th. A pleasant day was spent by all attending and an enjoyable picnic dinner at noon. Those present included Lawrence Larson, Mrs. Chas. Larson, Mr. and Mrs. Frank Peterson, Mr. and Mrs. Oscar Larson and daughter Verna, Mrs. Evelyn Landeen and son Russell, Mr. and Mrs. Elmer Bergren and two daughters, Dorothy and Harriett, Will Gerbitz and son Kenneth, Mr. and Mrs. Earl Gerbitz, Mr. and Mrs. Hubert Larson and daughters Phyllis and Beatrice of Rockford; Mr. and Mrs. Ralph Larson, son Ralph Jr., and daughter Dorothy of Elgin; Mr. and Mrs. W. B. Becknell and Mr. and Mrs. LaVerne Becknell of Evansville, Ind. Mr. and Mrs. Will Clarke and children, Billy and Louise of Kasbeer, Ill.; Mr. and Mrs. Wilde,

Paris Dressmakers Do Not Like Freak Mannequin Advertising—Bar It

By HAZEL REAVIS

Paris—Distracted dressmakers are trying to figure out how they can keep the freaks out of the mannequin parades at the elite race courses.

Censors, some of them say. But anybody can go to the races who pays the entrance and the ticket does not prohibit freak clothes. At present one sees some of the

worst as well as some of the best styles in the world at Auteuil and Longchamps at the height of the season.

Nothing is too absurd for the races. Mannequins have even appeared out there in spangles. Panther shirts and Victorian bustles are hardly perennials, reappearing year after year.

"HORRORS" IN SPOTLIGHT
Monsieur Pierre Gerber, president of the Master Dressmakers' association, is all upset about the bad publicity Paris styles get from the presence of the freaks at the important race events.

"Photographers pick out the atrocities and those pictures go all over the world labeled latest Paris creations," he anguished. "The carefully designed and really important clothes pass by unnoticed because the horrors have the spotlight."

PROTEST INSURANCE
Sewing girls from a fashionable couturiere's establishment had a little demonstration the other day against reduction of four per cent from their meager wages to meet the provisions of the new social insurance bill passed to protect them against mishaps.

Four hundred of them paraded in protest. Four per cent does not seem much to pay but when wages are as low as \$6 a week every sou counts and four per cent of 150 francs means subways and the difference between a glass of hot coffee at noon and no coffee.

"Vegetable Plate" Becomes Promoted

Vegetable dinners and vegetable plates are rapidly becoming an American institution, so popular have they become in this vitamin conscious age. Ingenuity, however, is needed to make a collection of vegetables appealing to the appetite. When vegetables are to be the main course of a luncheon or dinner there are several principles to bear in mind.

First plan a contrast in color. There are a variety of hues to choose from in the vegetable kingdom. The delicate green of peas, the orange and yellow of carrots, the red of tomatoes, the creamy white of cauliflower, the golden brown of French fried potatoes, and so on. The second rule is to select vegetables of contrasting flavor—such as peas, a bland vegetable, onions, strongly flavored, and tomatoes acid. The third suggestion is to vary the mode of cooking; bake one vegetable, boil another, fry or sauté another.

Three or four vegetables are all that are necessary for an attractive plate. To make the plate more substantial, add potatoes, hashed, au gratin or French fried, or rice, noodles, macaroni, or serve a creamed vegetable in patty shells. For garnish use parsley, watercress, chopped eggs, grated cheese, croutons or toast points.

The following combinations are suggested by Miss Grace Pollock of the National Dairy Council.

Cauliflower with mock Hollandaise sauce, broiled tomatoes, buttered peas.

Chopped and buttered spinach, carrot balls, baked onion stuffed with butter and seasoned crumbs. Green corn, glazed sweet potato, buttered string beans.

Baked stuffed peppers (with rice), grilled egg plant, buttered beets, coleslaw with Russian dressing.

Prominent Mendota Couple Are Married
Mendota, Aug. 11—Announcement of the marriage of Harry Schmitt, prominent business man, and Miss Ikenetta Meyer, one of the city's most popular girls, will come as a surprise to their many friends here. They were united in marriage at 6 A. M. today at the parsonage of Holy Cross church by the Rev. Fr. William Seik.

The bride has been identified with the Della Allen Style shoppe.

LEGAL PUBLICATIONS

EXECUTOR'S NOTICE. Estate of John Darby, deceased. The undersigned, having been appointed Executor of the estate of John Darby, deceased hereby gives notice that he will appear before the County Court of Lee County, at the Court House in Dixon, at the October term, on the first Monday in October next, at which time all persons having claims against said estate are notified to attend for the purpose of having the same adjusted.

All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 29th day of July, A. D. 1930. WILLIAM DARELEY, Executor.

John J. Armstrong, Attorney, July 30, Aug. 6, 13.

NOTICE TO OWNER, AND TO CLINTON TRUST COMPANY, MORTGAGEE, AND TO ALL OTHER LIEN HOLDERS, IF ANY, OF THE SALE OF BUICK SEDAN WITH ENGINE NO. 2599408.

You and each of you are hereby notified that on June 30th, 1930, I, Ward T. Miller, Sheriff in and for Lee County, Illinois, seized said Buick Sedan with Engine No. 2599408, on State Highway Route No. 2, where the same passes through the City of Amboy, in the County of Lee and State of Illinois, while said Buick Sedan was transporting intoxicating liquor through said county and have filed my petition in the County Court of Lee County, praying for an order for the sale of said Buick Sedan by me and for the distribution of the proceeds thereof as provided by law.

You are further notified that said petition has been set down for hearing in the County Court of Lee County, Illinois, at the hour of 10:00 o'clock in the forenoon on the 18th day of August, A. D. 1930, at which time and place you may appear and show cause, if any you have, why said property shall not be sold as ordered.

Dated at Dixon, Lee County, Illinois this 6th day of August, A. D. 1930. WARD T. MILLER, Sheriff of said Lee County, Illinois.

ADMINISTRATOR'S NOTICE. Estate of James J. Clancy, Deceased. The undersigned having been appointed Administratrix of the estate of James J. Clancy, deceased, late of the County of Lee and the State of Illinois, hereby gives notice that she will appear before the County Court of Lee County, at the Court House in Dixon, at the October term, on the first Monday in October next, at which time all persons having claims against said estate are notified and requested to attend for the purpose of having the same adjusted. All persons indebted to said estate are requested to make immediate payment to the undersigned.

Dated this 5th day of August, A. D. 1930. ANNA M. MOORE, Administratrix.

Louis A. Heile, Attorney, Aug. 6, 13, 20.

CHANCERY. State of Illinois, Lee County—ss. In the Circuit Court, September Term, 1930.

Cecelia H. Hoover, a minor by Anna L. Raffenberg, her next friend, vs. Herbert Hoover, No. 5155.

IN CHANCERY. Affidavit of non-residence of Herbert Hoover the above defendant having been filed in the Clerk's office of the Circuit Court of Lee County, notice is therefore hereby given to the said non-resident defendant that the complainant filed her bill of complaint in said court on the Chancery side thereof, on the 6th day of August, A. D. 1930, and that thereupon a Summons issued out of said court, returnable on the third Monday of the month of September, A. D. 1930, as is by law required, which cause is now pending and undetermined in said court.

E. S. ROSECRANS, Clerk. Maudie Gitt, Deputy. Dixon, Illinois, August 6th, 1930. W. L. Leech, Complainant's Solicitor, Aug. 6, 13, 20, 27.

Iowa Tomatoes To White House Table. West Branch, Iowa, Aug. 13.—(AP)—Two baskets of choice tomatoes were picked from the farm once owned by President Hoover's grandfather and sent to Washington to grace the White House table.

Calle Mae Bumgardner, 13 years old, chosen "Tomato Queen" of West Branch, plucked the largest of the ripened fruit from the vines. Twenty-one girls clad in overalls acted as the Queen's escort.

The West Branch Municipal Band then preceded the Queen and her retinue to the Rock Island Railroad station where the baskets were placed aboard a train for shipment to the Capitol.

At President Hoover's birthplace a large gathering, led by Miss Bumgardner, was addressed by Representative F. D. Lets of Davenport.

Only one life was lost for every 7,000,000 passengers carried by steamboats in the United States last year compared with one for every 150,000 carried by railroads.

BOXING SPORTS

AT STANDSTILL DUE TO DEMANDS

Fighters Want Excessive Share of Gate For Their Ends

By GEORGE KIRKSEY, United Press Staff Correspondent. New York, Aug. 13.—(UP)—After drawing more than a million dollars in three outdoor bouts here this summer, the boxing industry in this region was virtually at a standstill today because of the excessive demands of the leading fighters.

Madison Square Garden has dropped negotiations for three outdoor shows — Sharkey-Campolo, Singer-Berg and Thompson-McLarnin—because the fighters are asking too much for their services.

Sharkey wants a guarantee of \$100,000 to get into the ring against Al Singer, newly-crowned lightweight champion, asks 40 per cent to meet Jack (Kid) Berg who demands 25 per cent. Jack Thompson, California Negro, wants 40 per cent to meet Jimmy McLarnin, Van Couver, B. C. who asks 25 per cent for his services.

"We have dropped all negotiations for bouts in which the principals ask more than 50 per cent of the gate," Frank Bruen, vice president of Madison Square Garden told the United Press today.

"With the fighters getting 50 per cent, the ball park collecting 12 1/2 per cent, another 12 1/2 per cent for preliminaries, there is left only 25 per cent for profit and incidentals. We are through with guarantees and will not pay any fighters more than the customary 50 per cent."

One More Chance. Unless Madison Square Garden can get the New York State Athletic Commission to approve a match between Al Singer and Jimmy McLarnin, it is unlikely that another big outdoor show will be held here this summer.

Singer and Mandell are willing to divide 50 per cent between them, but the New York Commission is opposed to champion fighting out of his class which Singer, the 135-pound titleholder, would have to do to meet McLarnin, a former lightweight who has grown into a welterweight.

Another heavyweight match is a remote possibility. Young Stribling, turned last night from England where he knocked out Phil Scott in two rounds, and conferred today with the Garden over a possible match with Sharkey or Campolo.

Sharkey's demand for a \$100,000 guarantee may cause his break with the Garden, as Mique Malloy, Chicago promoter, is dicker for the Bostonian's services for a match against Primo Carnera at Chicago. Johnny Buckley and Jack Conway, managers of Sharkey, were due here today to discuss the Carnera bout with Malloy.

Small Town Retail Merchants Progress. Urbana, Ill.—(AP)—Independent retail merchants in towns of under 5,000 population have made a better showing than those in the larger cities in the state during the past four years, a survey by Prof. Paul D. Converse of the College of Commerce at the University of Illinois has indicated.

Conducting the investigation at the request of the Illinois Chamber of Commerce, Prof. Converse studied 10 retail trades in towns of under 400 population; and those with populations ranging between 400 to 1,000; 1,500 to 5,000; 7,500 to 15,000; and cities over 35,000 for the period from July, 1925, to July 1929.

During this four year period, the number of retailers in the 10 trades declined 8 per cent in towns under 400 population, 3 per cent in communities of from 400 to 1,000; 0.6 per cent in towns of 1,500 to 5,000; and 4 per cent in cities of 7,000 to 15,000.

Prof. Converse said that towns of between 1,500 and 5,000 populations in many ways made a better showing than any other group while the towns of between 400 and 1,000 showed better trade conditions than the smaller towns.

"The drug stores, dry goods stores, and garages in towns of 1,500 to 5,000 made a better showing than similar stores in any other group of towns. The furniture stores and restaurants also made relatively good showings. The grocery and meat stores showed up poorly, probably due to the influx of chain stores in towns of this size," Prof. Converse reported.

Injuries Fatal To Chicago Woman Tues.

Buffalo, N. Y., Aug. 13.—(UP)—Miss Edith Staunton of Chicago, died in emergency hospital here Tuesday from injuries received in an automobile accident.

Her brother-in-law and sister, Mr. and Mrs. Fred Linton, also of Chicago, seriously injured in the same accident, probably will recover, physicians said.

The automobile in which the Lintons and Miss Staunton were driving to Rochester skidded off a highway and overturned after striking a construction hole in the pavement.

Actress' Charges Of Plagiarism Lost

New York, Aug. 13.—(UP)—The suit of Valetta Suratt, motion picture actress and writer, charging that the photoplay "The King of Kings" was plagiarized from a scenario she wrote was dismissed by Federal Judge Frank J. Coleman.

Miss Suratt's suit was directed against Will Hays, Cecil B. DeMille, Jeannie McPherson, scenarist, and others, demanding an accounting of them as producers of the "The King of Kings."

Stock feeders should consider low-priced wheat for hog feed, says Prof. W. J. Loeffel, of the University of Nebraska.

Pardon Board Considers Fate of Mooney

Governor C. C. Young and the California prison pardon board, in whose hands rests the fate of Tom Mooney and Warren C. Billings, are shown here as they heard prosecution witnesses who helped send the labor leaders to prison in 1916 for the Preparedness Day bombing repudiate their testimony. John MacDonald, key witness, admitted he told "a pack of lies," and might have been drunk the day of the bombing. Left to right, are, standing: James B. Holohan, Attorney General U. S. Webb, Court L. Smith and Lieutenant Governor H. L. Carnahan; seated, James A. Johnston and Governor C. C. Young.

PAPER IN NORTH CHINA LAMENTS POLITICAL TILTS

Only Unsubsidized Publication Gains Confidence

Peiping, — (U.P.) — The one Chinese newspaper in North China which has been consistently independent—the Ta Kung Pao of Tientsin—laments the difficulties of keeping clear of politics in a country facing constant civil wars. The Ta Kung Pao has been accused of favoring both groups in the present warfare.

The new northern government, headed by general Yen Hsi-shan, informed the editor that he understood the paper was getting a subsidy from General Chiang Kai-shek, that it had criticized General Yen editorially, but refrained from criticizing General Chiang.

"Our paper has been denied circulation in the south, and now we are threatened with official interference in the north," the editor laments in a first page editorial. "It really pains us to think of the complete loss of liberties which has come in China with the continuance of chaotic political conditions."

"We wish to take this opportunity of reassuring our readers that under no circumstances will we depart from our editorial policy of impartiality or accept subsidies from any political faction or party. While we are always willing to abide by the orders of the local authorities, we cannot shape our policy to suit their ideas."

The editor of the Ta Kung Pao, Hu Lin, is the most respected writer in North China. His newspaper, admittedly the only one in the north not subsidized, has increased enormously in circulation, and has more readers than most of the others combined. It has been a real financial success.

Dixon Foreresters To State Contest

Springfield, Ill.—(AP)—Foreresters of the Modern Woodmen of America from 46 Illinois cities will send drill teams to compete in the tri-state contest to be conducted as a feature of their encampment at the Illinois State Fair from August 13 to 20.

Entries are still being filed with the Woodmen officials and many more communities in Illinois probably will be represented before the encampment bugles blow. Some cities are sending more than one team.

The drill teams and Woodmen bands from Wisconsin and Indiana as well as from all parts of Illinois will occupy a tented city on the state fair grounds during the fair at the invitation of the Director of Agriculture and state fair management.

During the three days of the encampment the competing teams will execute maneuvers for the entertainment of the fair throngs. Cash prizes are offered for the winners in the drill program.

Illinois cities that have entered drill teams follow: East St. Louis, Oak Park, Galesburg, Ray, Mt. Vernon, Pittsfield, Peoria, Decatur, McLeansboro, Cairo, Cissna Park, East Peoria, Pekin, Nashville, Rushville, Canton, Macomb, Woodson, White Hall, Murrayville, Quincy, DeKalb, Diverson, Virden, Dalton City, Greenview, Girard, Flora, Mt. Carmel, Oblong, Palestine, Flat Rock, Lawrenceville, Kankakee, Olney, Chicago, Dongola, Duquoin, Dixon, Champaign, Rockford, Bloomington, Pontiac, Danville, Rock Island and Joliet.

Not Dollar Day alone, but every day you buy at A & P means savings!

Flax is cultivated throughout Yugoslavia and its mills produce about 2,700,000 yards of linen goods annually.

SCREEN STAR'S SUICIDE EFFORT IS UNSUCCESSFUL

Lina Basquette Took Poison While One Of Gay Party

Hollywood, Aug. 11.—(UP)—Lina Basquette, screen star, dancer and widow of Sam Warner, motion picture producer, was held in a police hospital today after treatment for poisoning, said to have been self-administered.

Although in a semi-comatose condition from effects of the violent poison, Miss Basquette was able to tell questioners she had been despondent over failure to gain custody of her small daughter, Lita, from the Warner family.

The actress at first gave the name of Eleanor Copeland, but later admitted her identity after police had taken statements from her maid, Irene Zastro, and E. A. Sears, Jr., at whose home the alleged suicide attempt took place during a party attended by a number of screen notables.

The maid said the actress went into another room and a few minutes later she heard a scream. Miss Zastro found the dancer writhing in agony and rapidly losing consciousness.

She was rushed to a receiving hospital, where prompt administration of antidotes was credited with saving her life.

Peverill Marley, screen cameraman who married Miss Basquette about a year ago, did not attend the party and first learned of his wife's condition when informed by police.

Charges of holding up a Peru conviction. Colliack admitted numerous other holds ups, and the theft of a truck at Morris, Ill.

Posters urging quiet are being distributed in New York's anti-noise campaign.

Young Bandit Was Taken In LaSalle

LaSalle, Ill.—(UP)—Keith Colliack, 18-year-old Tucson, Ariz., youth, who was captured after a long chase, was bound over to the La Salle county grand jury on charges of holding up a Peru conviction.

Colliack admitted numerous other holds ups, and the theft of a truck at Morris, Ill.

Posters urging quiet are being distributed in New York's anti-noise campaign.

CHICAGO PAPERS AGAIN UNITE IN WAR ON GANGLAND

Submit New Scheme of Procedure To Pro- secutor Today

Chicago, Aug. 12.—(UP)—Publishers of Chicago's five powerful newspapers, incensed by reports that Alfonso "Scarface Al" Capone is back as gangland's ruler and that "the lid is off," made plans today to combine their forces for a new war on crime.

Formation of the newspaper anti-crime combine was revealed in an announcement that a plan has been approved for the State's Attorney's office to investigate "gang, police and official corruption and viciousness." The newspapers plan to cooperate in the campaign.

Final approval of the plan was to be given today at a meeting of the publishers of the Daily News, Tribune Herald-Examiner, Daily Illustrated Times and Evening American. State's Attorney John A. Swanson indicated he favored the proposal and will carry it out.

New Plan of Attack
This latest maneuver against organized crime would include the appointment of two outstanding Chicago attorneys to direct the attack, the publishers announced. They indicated the plan would include investigation of every city official or appointee from the highest powers of city hall down to the police patrolmen.

Reports published by the Herald-Examiner that gambling, bootlegging and vice again are flourishing under Capone's direction were believed to have been the cause of the new campaign. The Herald-Examiner charged that "Scarface Al" again is ruler of the city's gangs, George "Bugs" Moran has been driven from his leadership on the north side and "happy days are here again for gangdom."

The latest alignment of the newspapers was the first move to heal a breach which developed between them after the murder of Alfred J. Lingie, Tribune reporter. At that time the five papers united to hunt down Lingie's slayer. Later they differed widely regarding the way they thought the investigation should be conducted.

HEN MOTHERS PIGS

Logansport, Ind. (UP)—Four baby pigs on a farm near here have as their proud "mother" a hen. The real mother of the pigs died at their birth and they were adopted shortly after by the hen. She stands guard as they eat and spreads her wings over them at night when they sleep.

ABE MARTIN

Whether it's prohibition or not, somethin's finally put the ole "Stein Song" on a pay-in' basis. "You never kin tell," said Joe Kite, when a stranger asked him when the bank would close.

FINLAND GETS U. S. MINISTER'S HIGHEST PRAISE

American Envoy Urges World Tourists To Visit Little Known Country

By FREDERICK LAUDON
United Press Correspondent

Helsingfors—(UP)—"Finland is a country that I should wish to be better known in my homeland."

Edward E. Brodie, minister of the United States in this country declared in giving his impressions since arriving at Helsingfors in May.

"When coming to this country with such ideas about its climate and conditions of life as are quite current abroad, the visitor cannot fail to be deeply impressed by actual conditions here," Brodie continued. "I personally have enjoyed much sun-

shine and experienced no arctic weather during my stay in this city. The summer climate here sometimes reminds me, in fact, of our splendid weather conditions in the Western States, and I have gained the impression that Finland has a great deal to offer tourists.

"It is true that every year there is a flow of several thousand visitors from the United States to Finland, mostly people of Finnish descent who wish to pay a visit to their old home-country. But it seems that increased Finnish propaganda could attract many more visitors during the summer months, and I do not think that those who follow the call, could be disappointed.

As regard international relations between the United States and Finland I am glad to be able to state that they are, and always have been of a cordial character. Finland's contribution to the American "melting pot" is a comparatively large one.

There are some 300,000 people of Finnish origin living within the borders of the United States, which number corresponds to about 10 per cent of the present population in Finland.

"Being one of the most important wood-pulp exporters of the world Finland can boast a considerable turn over in foreign trade with the United States. It deserves special attention that the new American tariffs do not affect Finnish goods to any appreciable extent, and there is every prospect of foreign trade between the two countries developing along the same favorable lines as hitherto.

"The growing interest in Finland of American capital has quite recently been documented by a \$6,000,000 investment in a Finnish wall-board enterprise. Also a regards loans Finland has in the last months been more than once the object of the attention of American financiers.

"The political situation of the country impresses one as stable. I am convinced that the Finnish people earnestly desire, and will work for a peaceful development.

A giant 200-inch reflector telescope now under construction in the United States, will weigh 1600 tons and cost more than \$12,500,000 when completed.

"The Winner Never Quits AND The Quitter Never Wins"

This homely old adage is just as true as can be and applies forcefully to poultry and egg production at the present time.

You may remember the story of the farmer who quit raising wheat because it lost him money and also quit raising corn, hogs, cattle and chickens for the same reason. When he got through he had raised nothing and lost more money than any time in his life before.

Staying in the game is the only way to succeed. But of course, just staying won't get anybody very far. While they stay they must work, and work intelligently.

PROFITS await the person who THINKS as well as WORKS. Mix those two and you are just bound to make some money. That is being proven right now during these hot weeks by folks who are willing to take the pains to produce HENNERY EGGS for the select trade that is waiting to buy them from us. There is an unfailing principal involved here. The harder it is to produce GOOD EGGS, for instance, the fewer folks will keep producing them and that eventually means MORE MONEY for you if you are one of the people to continue to put these select eggs on the market.

We keep telling you, though, about feeding a balanced ration and giving your hens plenty of fresh water because that insures for you a larger percent of big, vigorous eggs and consequently means more money to you, as well as supplying our high-class trade with the eggs they want.

We believe that poultry and egg prices justify your producing all you can.

There is always something new to learn about poultry raising; that is one of the interesting things about it. You may have some special problem to solve right now. If you have, bring it to us. We keep a special man on the job for just such emergencies and his advice will not cost you a cent. We like a friendly visit with our patrons about their business.

OPEN WEDNESDAY AND SATURDAY EVENINGS

Blackhawk Produce Co.

At Dixon, Phone 116

At Franklin Grove, Phone 57
